LOYALTY

Is there a human quality greater than loyalty?

It generates other qualities that make life pleasant and livable.

Loyalty to one another holds families together from childhood to old age. Loyalty to friends and neighbors builds a community spirit that makes a town like ours a good place to live in.

Loyalty is not worn on our coats like a badge. It is of the spirit. It shines in our actions and deeds far more than in our words.

We aim to show our loyalty to Wilmette by giving the best service and values that a feeling of friendliness makes possible.

The shop has recently received a call for assistance from a well known school for girls asking if it would locate desks that would be suitable for use in the institution. This request is typical of many which are made to the shop, and the shop does its best to comply with them all.
