THE IMPORTANCE OF VOTING IN THE PRIMARIES

"PARALYZING to political competency is the widely cherished belief that the general election is more important than the primary election. That is the average voter's idea. And it is wickedly and dangerously untrue. The truth is that the primaries are infinitely more vital than the general election. . . . Primaries are the exclusive gate through which all party candidates must pass. Control of that gate means control of the political situation in that community."

Frank R. Kent

(In the Readers Digest, March, 1938)

The Women's Republican Club of New Trier is an organization of over 1,300 paid members, pledged to work for the betterment of conditions within the Republican party and the nomination and election of the best possible candidates. After a thorough investigation of the records and qualifications of the candidates the club urges the voters of New Trier township to give thoughtful and sincere consideration to its recommendations.
