Henry A. Gardner of Winnetka, candidate in Tuesday's primaries for reelection as New Trier Township Republican committeeman (committeemen are elected, not just nominated, in the primaries). Bidwill Again Seeks State Senator Post

Arthur J. Bidwill of River Forest, is a Republican candidate for the state senate from the 7th senatorial district, which includes New Trier, and also for Township committeeman of his township. He is one of the founders and a director of the River Forest Service club, and headed his business division in the Chicago Community Chest campaign. He is also active in many organizations of a civic nature. For the past ten years he has operated the Chicago Stationers, Inc., a printing and office supply house.

Mr. Bidwill's previous political experience has included his successful race for State Senator in 1934, being unseated after serving four months, one term as Republican Township committeeman for River Forest, and his party's choice for state auditor in 1936 when he had the honor of running second high on the Republican slate.

The district Mr. Bidwill desires to represent is one of the most unique in the state. It includes some of the finest residential and largest factory districts, together with large farms around Chicago. Every bill that comes before the senate affects some part of this area. His ability to make friends assures the people of this area that not only his vote but the assistance of his Republican friends throughout the state will be used to protect their interests.
