

Shrubs and trees bring beauty and increased value to your property. But don't expect Mother Nature to give you this beauty year after year without a little help!

Trees and shrubs need nourishment—a full diet of 11 elements that few garden soils can continually supply. That's why authorities say, "Feed them."

LAWNS, FLOWERS, VEGETABLES,

as well as shrubs and trees, require an eleven-element "square meal" from soil. Lack of one single element makes complete success impossible.

The most satisfactory way to feed is with Vigoro, the complete plant food. Order Vigoro today from your garden supply dealer.

Bob Koenen and Russell Reid won first places in the men's doubles, and second place went to Stanley Lindstrom and Phil Edwards. The Playground and Recreation board will hold a kite-flying contest at the Village Green Friday, April 15. The Village Green will be open Easter vacation week April 11 to 15 and it will be a good time to try out your kites. There are a number of good kite plans available for those who wish them. Any type of kite may be entered, plain surface kites, box kites, large and small. Color them to make them attractive if you wish. Kites must be made by entrant to be eligible. See Mr. Eckland at the Howard school or at the Community Center, or call the Recreation office, Wilmette 468, for information.

At half time the champs led by 28 to 26, and at no time did they enjoy much of a lead, but as usual, they had enough go left to finish the game on top. George Terzakes, Center for the Uknows, led the scorers with 19 points.

The Ridge Runners stepped into second place for the season by beating the Demons 49 to 34. At the half the Ridge boys led 13 to 12, but during the second half, Wally Schuette found the basket and dropped the ball through the hoop for seven baskets, which with the one he made in the first period, gave him scoring honors with 16 points.

The Wacker A. C. won their first game in the third round from the Flashes 51 to 41. Ted Person, who played the pivot position for the Wackers couldn't miss the basket, making six counters each half for 24 of his teams points. This puts the Wackers, Flashes, and Terriers in a tie for fourth place.

Perry and Vines Will Clash for Pro Title

Ellsworth Vines of Pasadena, holder of the world's professional title, will need all of his great physical ability when he faces Fred Perry of England, who disputes Vines' supremacy in Chicago April 7 and 8. Their first night of play will be at the International Amphitheater after which they will move to the Chicago Arena for their concluding Chicago appearance.

Vines is a lanky, loosely built giant who has all of the natural requirements of a great tennis star and through his height and reach is able to get speed into his shots which has been unequalled in the court game. Pitted against the Californian's assets, Perry has the agility of a cat. He covers the court like a blanket and is the most difficult man to pass or ace in the game today.

Walter Senior and Berkeley Bell who are the supporting players on the tour are full of color and stage a great singles match to open each night. These two aces then team with the champions for doubles. Bell and Perry battle Vines and Senior. Senior who holds the Canadian title in the game and Bell through his efforts to get any shot fired at him has won the crowds into calling him the "Tumbling Texan." Bell is a former intercollegiate title holder.
