TITLE WON BY W. I. HOWLAND

Home Golfer Upsets Dope By Defeating Paul Hunter in the Final Match For Glen View Second Cup.

MORNING ROUND GOOD

Upsetting dope, William I. Howland, Jr., of the home club, captured the Glen View II cup in the finals of the twelfth annual invitation tournament Saturday, when he defeated Paul Hunter of Midlothian, 4 and 2.

The majority of the critics had picked Hunter to win the final match but by taking advantage of his opponent's misplays the Evanston man was returned the winner.

The golfers both played fair golf in the morning round, Howland notching a 74, while Hunter finished with a 75. In the afternoon's play the pair fell down considerably, Hunter being away off color and driving into the rough on almost every hole.

Saturday's victory is the second for the local golfer, as he won the Glen View tournament in 1908, defeating Kenneth Edwards in the final match and getting a leg on the original trophy. Hunter has competed several times but never has gone through to the finish.

Other Evanston golfers also took laurels at Saturday's play. J. T. Ling won the Directors' cup by defeating A. Brand of Lake Geneva. C. B. Devol won the Rivers cup by downing H. B. Shollenberger of Beverly.

Halve First Hole.

Hunter sliced his drive on the first hole in the morning round and went into the rough, overshooting the hole coming out. Howland missed an easy putt, the hole being halved in 4, the second was also halved in 4.

On the third Hunter outdrove Howland and reached the green in 2, holding his putt in 4. Howland took 3 to reach the green, getting a 5. They halved the fourth. Howland made a brilliant drive on the fifth. On a short approach Howland was within six feet of the cup and holed in 3. Hunter took 4, squaring the match.

The sixth was halved in 5. Hunter got in the rough on three, while Howland made a fine drive for the hole, recovering the green in 2 and went down in 3, taking a lead of 1 up. On the eighth Howland increased his lead to 2 up. Hunter captured the ninth, reducing Howland's lead.

Match is Squared.

Coming in Hunter squared the match by winning the tenth, 4—5. Howland again went into the lead when he took the eleventh, 3 to 4. Hunter, by brilliant work, won the twelfth hole, 4—5, but lost the next, 5-4. The fourteenth was halved in 3.

On the fifteenth Hunter drove into the woods, while Howland drove well and won the hole, 5—6. They halved in the sixteenth.

On the seventeenth Howland drove under a bridge and lost a stroke by lifting his ball. He missed a short putt on his fourth and took five. Hunter crossed the creek on his drive, but went into the rough. His approach went to the edge of the green, holding out in two putts, winning the hole, 4—5.

Hunter is One Down.

On the last hole of the morning round both got good drives. Howland's approach was about four feet from the pin, while Hunter's was about ten. Both putted over the cup and halved the hole in 4. Hunter finishing 1 down on the round. The cards:

Howl'd, out.	4	4	5	4	3	5	4	4	3—36
Hunt'r, out.	4	4	4	4	4	5	4	5	3—37
Howl'd, in..	5	3	5	4	3	5	4	5	4—38—74
Hunter, in..	4	4	4	5	3	6	4	4	4—37—75

At the start of the first hole in the afternoon Howland was 1 up. On this hole Hunter sliced his drive into the rough. He got out well. On his fourth he was within five feet of the hole and holed for a five. Howland got a good drive and was on the green in three, but missed a putt for four and the hole was halved in five. The second was halved in five, as was the third.

Both Drive in Rough.

On the fourth both went into the rough on their drives. Hunter approached onto the green, while Howland's approach landed at the edge. Hunter evened the match up here, when he won the hole, 4—5.

They halved the fifth in four. Rowland again took the lead when he captured the eighth hole, 5—6. Both got into the rough on their drives, but Howland got out well, while Hunter went into the water, losing a stroke. He was on the green in four and missed a putt for a five. The next hole was halved in four and Howland increased his lead by taking the tenth, 4—5. Hunter took the next, when Howland missed a short putt for a three, 3—4. They halved the twelfth in five and Hunter won the next, 6—7.

The next three holes and match went to Howland. The afternoon cards follow:

Howland, out...	5	4	5	5	4	5	4	5	4—41
Hunter, out....	5	4	5	4	4	7	4	6	4—43
Howland, in.....	4	4	5	7	3	4	4		
Hunter, in.....	5	3	5	6	4	5	5		

Other Events Played.

The summaries follow:

Glen View Cup.

W. Howland, Glen View, defeated Paul Hunter, Midlothian, 4 and 1.

Directors' Cup.

A. J. Ling, Evanston, defeated A. Brand, Lake Geneva, 3 and 2.

Rivers Cup.

C. B. Devol, Evanston, defeated H. R. Shollenberger, Beverly, 5 and 3.

Reservoir Cup.

W. M. Townley won by default from J. E. Nyman.

Lear Cup.

C. M. Booth, Calumet, defeated P. Humphrey, Glen View, 4 and 3.

Oak Glen Cup.

R. C. Vilas, Exmoor, defeated W. A. Vilas, Glen View, 7 and 6.

PURPLE SWIMMER IS FOURTH IN MARATHON

Swimming unattached, Irving Wood, star member of the Purple freshman swimming team last year, finished fourth Saturday in the "marathon" swim held at Wilson avenue beach.

The race was over a two and one-half-mile course, Wood covering the distance in one hour and five minutes. He was a close fourth, the winner being only four minutes ahead of him. Leslie Chiville of the Illinois Athletic club won the race.

C. D. CURTIS SELECTED WINNETKA'S MANAGER

Despite the fact that most baseball teams are opposed to changing managers in mid-season, the Winnetka baseball team laughed at the supposed hoodoo and made the switch.

At a meeting of the team last week the players decided that the man to lead them from the bench was G. D. Curtis. He was elected by the unanimous vote of the squad.

To celebrate his assumption of the managerial reins Curtis sent his proteges against the Wilmette Braves Sunday afternoon with a new line of attack up their sleeve. As a result, when the smoke had cleared, the Winnetka boys had won, 15 to 0.

CLOVERS WIN GAME.

The fast Clover team Sunday afternoon took a closely played game from the Olympics by a 4 to 3 score.

SKOKIE LINKS ACTIVE PLACE

Semi-Final Round in W. S. Warren Cup Event Was Won by Roger Sherman When He Defeated J. M. Sheldon.

OTHER MATCHES PLAYED

The results in the semi-final round at the Skokie Country club Saturday for the W. S. Warren cup were that Roger Sherman defeated J. M. Sheldon, who had an allowance of one stroke, on the eleventh hole, 2 up and 1 to play. Both men played a good game, but Sherman had the advantage. Their cards follow:

Sherman—									
Out	4	4	5	6	4	4	4	5	4—40
In	5	6	5	3	5	5	5	5	5—44—84
Sheldon—									
Out	6	5	2	5	4	4	5	6	4—41
In	5	6	4	4	4	6	5	6	4—44—85

In the other match J. L. Lane, with an allowance of seven strokes, one stroke on each of the first, third, eighth, tenth, eleventh, sixteenth and seventeenth holes, defeated J. C. Murray, 3 up and 2 to play.

Lane—									
Out	5	5	4	5	5	4	7	5	3—43
In	5	5	5	4	4	6	5	6	4—44—87
Murray—									
Out	4	5	4	5	4	5	6	5	3—41
In	6	6	5	3	5	5	5	5	3—43—84

Thomas Wins.

The other match of the day was a one-ball sweepstake handicap match play against par. There were 54 balls in the pot. F. C. Thomas took first place. He had an allowance of ten strokes on par, and by going out in 37 it gave him a lead of 4 up on par. On the last nine, taking a 46, he lost two holes, which left him with the best score of the day, 2 up. A. E. McCordic was second, with a score of 81, and a handicap of 8 put him 1 up on par. Third place was divided among five players, who finished all square with par. They were:

P. Manchester	79—	5—	even
S. A. Wilmarth.....	79—	5—	even
G. J. Pope.....	85—	8—	even
C. S. Andrews.....	90—14—		even
W. H. Cox.....	93—18—		even

The play next Saturday will be the finals in the Warren cup and the qualifying round for the President's cup, the winner of which is the club champion. The Directors' cup will also be played for. Sixteen qualify in each event. The play is all from scratch. There were a large number of guests the past week.

The annual tennis tournament will be played Aug. 10 to 16. Entries close Aug. 9. This is open to members and their guests.

CURRIER'S LEDA SHOWS OTHER BOATS THE WAY

Leda, George B. Currier's speedy yacht, easily won from the other crafts in its class entered in the Macatawa bay to Chicago race, which was started Saturday evening. The race was held under the auspices of the Columbia Yacht club. The Leda was sailed by a crew of Evanstonians consisting of George Currier, J. E. Lee, Pratt, Underwood and Jay Bryant.

The race was won by the Polaris, which finished six hours ahead of the Leda. As this craft is a yawl it was not entered in the same class with the Currier charge. The Leda finished more than two and one-half hours earlier than did its nearest rival, the Illinois.

BOARD MAKES FINAL REPORT

National Board of Fire Underwriters Makes Report on Evanston Conditions After Investigation.

MAKES RECOMMENDATIONS

The National Board of Fire Underwriters committee on fire prevention, which made their investigation in Evanston during June, has published its report. The report throughout is a favorable one. It takes up separately the water supply, the fire department and the fire alarm system.

Many recommendations are made, but as a whole the report is extremely favorable.

Among the recommendations made is the use of meters for the use of water. In speaking of the consumption the report says: "The per capita consumption is very high and the maximum hourly rates far exceed the average. By an extended use of meters on services a reduction should be possible, materially increasing the capacity of the system for fire protection."

In regard to water pressure it says: "Pressures are fair for domestic use and are fairly well maintained throughout the city."

Good Fire Department.

In speaking of the fire department the report says: "The fire department is well organized and the number of men satisfactory. Appointment of men for an indefinite term is commendable, but the appointment of the chief for two-year terms is liable to result in the department being placed under the command of an incompetent officer. The number of companies is adequate, but through the substitution of automobile apparatus, the present distribution of companies can furnish satisfactory protection for the city. The present apparatus is in good condition. Minor equipment is fairly satisfactory. Appliances for the handling of powerful streams are too few and a turret nozzle would increase the efficiency of the department. Drills held are of little value. Inspection of buildings are satisfactory. Response to alarms is well arranged."

Under the head of recommendations the report makes the following suggestions:

Water Supply.

That charts from the recording gage at the pumping station be regularly and permanently filed.

That an investigation be conducted and the most feasible plan adopted for furnishing an adequate supply during the periods of trouble from anchor ice. A sedimentation or clear water basin of at least 5,000,000 gallons capacity, in connection with the contemplated filtration plant, would be of great value during periods of intake trouble.

That the pumping station be made fire proof.

That meters be installed in accordance with a well-defined plan by which all services will be metered within a period of five years.

Fire Department.

That the chief be appointed for an indefinite term, to be removed only for cause.

Provide motor tractors or automatic apparatus at all stations as soon as practicable.

Provide the chief with an automobile.

That the building laws be revised, special attention being given to provisions for limitations of heights and areas and protection for horizontal and vertical openings, and that construction outside the fire limits be so regulated as to prevent the development of dangerous conditions, incombustible coverings being required throughout the city on all new or repaired roofs.

The investigations of conditions in this city were made by Engineers Charles R. Barker, C. W. Wheelock and H. E. Newell.

"The time will come," thundered the suffragette orator, "when woman will get a man's wages."

"Yes," sadly muttered a man on the rear seat; "next Saturday night."

The Wilmette Exchange State Bank

AUTHORIZED TO DO A BANKING BUSINESS UNDER STATE SUPERVISION

CAPITAL and SURPLUS $57,000.00

Safety Deposit Boxes

THE Bank is now equipped with one of the most complete Safety Deposit Vaults in the vicinity of Chicago. The boxes afford patrons absolute protection for valuable papers, etc., against fire and burglars, besides the convenience of having this protection right here at home. The equipment contains three hundred boxes and they are becoming very popular at the reasonable rentals asked. The officers of the Bank invite inspection of this new safety deposit box system.
