*IT ALL DEPENDS ON YOUR POINT OF VIEW.*

"Of course, we of Evanston have no objection if our suburbs take an interest in what we are doing. It is true, however, that the rush of happenings at home give us very little time to take an interest in the nearby towns, each of which has its own local paper and as good a paper as the town deserves. If the great Chicago dailies would cease blazoning forth any item that can possibly be of mutual interest between the North Shore towns, there might be a field for an Evanston paper to serve more than Evanston. With conditions as they are, The Press can not see it that way."

Isn't it "just too sweet" of The Press to be willing that the "suburbs" to the north of Evanston should be interested in what the people of that city are doing? To be sure, it might be a little difficult to prevent wide-eyed admiration and interest in "the rush of happenings there" on the part of residents in those near-by towns, a task quite as momentous as hindering the great Chicago dailies from filling their columns with North Shore news.

It's a hard world for the man that considers obstructions in his path especially when, as in this case, the troubles are ready to crumble at a touch.

Contrary to the attitude of The Press, THE LAKE SHORE NEWS is delighted at every show of interest in each other on the part of the towns along the North Shore and strives in every way to promote that interest. If there is anything in the "rush of happenings" in Evanston which will furnish entertainment or edification to the neighbors of that city, we want to help them find it out. And vice-versa. Why should the various communities lying so close together each hide its light under a bushel and jealously guard its happenings from coming to the ears of the people near by, who would enjoy participating in those events? We believe that to be the field of a paper designed to serve the needs of all the territory along Lake Michigan in the immediate vicinity of Evanston and THE LAKE SHORE NEWS is making, and will continue to make, every effort to meet those needs.

*"THE LAST SHALL BE FIRST."*

According to the Monday papers, the police force of Chicago received from the mayor of that city marked ballots and a letter of instructions in the matter of voting at the primaries today. The precaution of Mr. HARRISON in making it easy for the men on the force to do his will is perhaps not an unusual bit of political foresight. It is the text of the letter which is enlightening. It reads, in part: "In my opinion the best interests of the Democratic party and of the citizenship of Chicago will be promoted," etc., etc.

It was once the fortune of the editor of THE LAKE SHORE NEWS—whether good or ill is a matter of dispute—to be one of a congregation assembled to hear the efforts of an amateur evangelist. This man, as the crowning plea for righteousness with his hearers, begged them to come on the side with "me and the Lord." There seems something similar in the relations between the Democratic party and the citizenship of Chicago in Mr. HARRISON'S communication to his supporters, an attitude all too common in the realm of politics.

*MUCH MONEY WASTED*

It is claimed that the immense sum of two hundred million dollars is lost annually from preventable diseases among industrial workers, a waste which it is at least bad business, if not criminal negligence, to ignore longer. The action taken by some fourteen of the largest business firms in Chicago to institute health safe-guarding measures, medical inspection, and attendance for their employes, and a proper regard for sanitary conditions in the environments in which men and women spend long hours of every day, is a long step toward eradicating this great financial loss and toward relieving human suffering.

This life-conserving project is not limited to the employes of the concerns who are entering into the crusade against disease and disease-breeding conditions. It affects everybody, the members of the families of the workers, the patrons of the business houses and the people on the streets. Supplemented with instruction in industrial hygiene, the protective measures already adopted should within a very short period of time bring about an appreciable decrease in disease and a corresponding increase in efficiency in the persons so protected.

* * *

*"WHERE THERE'S A WILL THERE'S A WAY."*

The withdrawal of the fund of $750 which the city of Evanston has been accustomed to contribute to the sum which makes possible the thorough and continuous medical inspection heretofore such an important feature of our school system, is an economy which the people of our city can ill afford to countenance.

The record of the past two years shows no serious epidemic in our schools though there have been several occasions in which the prompt and effective action of the persons in charge of the work of medical inspection alone has saved the children of the public schools from visitations of contagious diseases of the most serious nature.

Evanston is not so poor but that this sum, $750, can be appropriated for a work of such universal importance and the city council should see to it that the money be found for the maintenance of an activity so intimately connected with the welfare of the community.

*IF NOT CHRISTIAN, WHAT?*

To most people the epithet Christian as applied to a nation contains no hint of reproach, but the Elizabeth Cady Stanton Guild in session recently at the Auditorium hotel in Chicago has drawn up resolutions calling upon President TAFT to explain his designation of the United States as a Christian nation on the grounds that such a classification is contrary to statements of our first president and even to the constitution of the United States. The text of the resolution reads as follows:

"Resolved, That we respectfully ask President TAFT upon what evidence he bases his assertion that the United States is a Christian nation."

Surely the majority of American citizens fondly hug the belief that they are living in a Christian nation, at least one that professes to be Christian, however far it may fall short of practicing the precepts of the Founder of that faith. Compared with the many other adjectives which are applied to us as a people by individuals of other nations, the term used by President TAFT should be considered inoffensive if not complimentary.

*INVESTMENT FOR THE FUTURE.*

In summing up the virtues of the American girl a certain British critic sees in her a tendency to overdo athletics and thereby sacrifice a portion of her gracefulness and charm. Whether or not the charge is a true one, it sounds queer coming from one of a nation of walkers as the British are acknowledged to be.

Possibly the youth of today has swung a little beyond the mark in its reaction against the restrains which bound the growing young women of a few years ago, and physical development has in a degree encroached upon the realm of intellectual growth, but even so, the condition is better than it has ever been before. A healthy body and an alert mind are co-existent and not a bad inheritance to transmit to the next generation, which may be able to acquire again the "gracefulness and charm" sacrificed in the process.

*WHY, INDEED?*

It has been charged that prayer is more often than not addressed to the audience than to the Deity. Such must have been the opinion of the lieutenant governor of Indiana when he stopped the minister in the midst of his invocation at the opening of the senate the other day, accusing him of making a political speech.

The Reverend Mr. Henry was but following the example of the Psalmist in his supplication to enlist the Lord on his side in an eminent conflict. The reprimand of the presiding officer appears somewhat harsh and may provoke the query, "Why go through the form of prayer, in reality a farce, in political gatherings in which the intervention of Providence is the last thing either expected or desired?"

**KENILWORTH UNION CHURCH.**

At a meeting of the board of trustees of the Kenilworth Union church last week, Dr. Charles Horswell was reappointed for a term of three years. Dr. Horswell has been the pastor of the Union church for a number of years, and his congregation is delighted to have him with them for another three years. Dr. Horswell has been very active in civic affairs along the North Shore. He was instrumental in closing up Gross Point, and is now active in the drainage question. Dr. Horswell is also a member of the school board, and it was largely through his efforts that our new school building was obtained.

**METHODIST EPISCOPAL SERVICES, GROSS POINT.**

The pastor, Rev. T. K. Gale, will preach at 10:45 Sunday morning on "Whose World Is This?" The quartet will sing at the 5 o'clock vesper service. The subject will be "Peter the Backslider." Special music at this service. Sunday school at 9:30, Mr. E. W. McCullough, superintendent. The orchestra is always present to assist in the music. Junior league at 4 p. m. The lesson next Sunday will be of great interest to the boys and girls, since it will be an object lesson. Epworth league at 6:15 in charge of Curtis Colegrove. Special effort is being made to increase the membership and attendance at the Junior league on Sunday afternoon. This is a children's service especially for boys and girls over 10 years of age, and is run by the boys and girls themselves as far as possible under the supervision of Miss Nulla Buck, who has had fifteen years of experience in this line of work with boys and girls.

**ST. AUGUSTINE EPISCOPAL, Wilmette.**

Next Sunday is the fourth Sunday in Lent, and there will be a second celebration of the holy communion at the 11 o'clock service. The first Sunday in March marks the first anniversary of the present rectorship. The subject of the sermon at this service will be "God's Three-Fold Requirement." The anthem will be "Out of the Deep," by Surrette, and Mr. John Quin, Jr. will be the soloist.

At the afternoon service the Rector will give the third of the confirmation instruction series the subject of the address being "Holy Confirmation." The anthem will be "Jesu, Word of God Incarnate," by Elgar.

The Rev. Edgar Goold, vice-principal of St. Augustine's school, Raleigh, N. C., gave an interesting address at the afternoon service last Sunday, telling of the work that the church is doing among the negroes. St. Agnes' hospital is connected with the school, and the demand for nurses trained there far exceeds the supply. There are some four hundred young people connected with the institution, which has been in operation since 1867.

The people of Wilmette are fortunate in having an opportunity to hear a fine lecture on the Passion Play of Oberammergau, illustrated by stereopticon pictures, to be given by Dr. O. L. Thompson in St. Augustine's parish house on Thursday and Friday evenings of this week. The lecture begins at 8 o'clock, and many should avail themselves of the opportunity to hear a description of the drama on the life of Christ given once in ten years by the Bavarian peasants.

The Woman's auxiliary and guild holds all-day meetings each Friday during Lent in the parish house, luncheon being served to all who come. The work done is for the children in our church homes. At 4 o'clock evening prayer is read, and a short time spent in mission study. All the women of the parish, whether actively connected with the guild or not, are urged to come to these meetings and share in the privilege of the work.

The regular monthly meeting of the vestry will be held in the church office next Monday evening, March 3, at 8 o'clock.

## Winnetka Community House

The crowds that go to the picture show every Friday night at the Community House in Winnetka continue to grow. The managers, who run the affair solely on the absolute cost plan, are much pleased with the reception that this form of entertainment has been given. In addition to the pictures, of which there are four reels of the latest and best kind, including educational, dramatic, comedy and travel subjects, music is furnished by the Community House orchestra.

The orchestra is composed of four pieces, and the men who play are A. L. Adams, the drums; F. Florent, violin; Lawrence Boyd, cornet, and Al Hermann, piano. The charges are five cents for the picture show and ten cents for the dance which follows. The attendance has been so good that the profits have been large enough to buy two hundred new chairs for the hall, and some appliances for the moving picture machine.

**INDOOR BALL LEAGUE.**

Standing of the Clubs.

| Club. | P. | W. | L. | Pct. |
|---|---|---|---|---|
| Boys' Club ..... | 16 | 16 | 0 | 1.000 |
| Hubbard Woods.. | 15 | 10 | 5 | .667 |

| Indians ..... | 16 | 5 | 11 | .313 |
| Community Sqs.. | 15 | 1 | 14 | .067 |

First Game (Wednesday).

The Business Men and the Gun Club met in a great slugging match, and the Gun Club were able to out-slug the Business Men and won the game, 21 to 16. The Business Men played one of the best games they have during the season and a little more team work like they showed in this game should start them on a winning streak and bring them up in the race. The Gun Club played fast ball in the fifth and eighth innings and had their troubles in the other innings. The score:

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| Gun Club.... | 1 | 2 | 1 | 1 | 7 | 3 | 0 | 6 | —21 |
| Business Men | 3 | 3 | 0 | 2 | 7 | 0 | 1 | 0 | —16 |

Gun Club—Radner, Blow, Knapp, Schafehen, Knox, Hostetter, Wolff, Kloepfer, Jasperson, Baker.

Business Men—Cazel, Poff, Flynn, Walker, E. E. Adams, Stordeur, Weinstock, Dehmlow.

Umpire—Clark.

Second Game (Wednesday).

The Boys' Club won another game. This makes their sixteenth straight victory. They played rings around the Indians and won without an effort. Thirteen runs in the first inning settled the game, and from that inning on the boys just went through the game to keep in practice, making no effort to run up a big score. The score:

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| Indians ... | 0 | 0 | 1 | 0 | 1 | 1 | 2 | 0 | 1— 6 |
| Boys' Club. | 13 | 3 | 7 | 0 | 3 | 0 | 0 | 4 | 2—32 |

Boys' Club—Carpenter, Williams, Kassner, Happ, Kreger, Knox, Stubbe, Balmes.

Indians—Boal, Baker, Fentress, Wylie, Cheney, Ellis, C. C. Adams, Stanton, Ferry.

Umpire—Clark.

No Games Monday.

The Monday evening games were postponed on account of the Men's Club dinner, most of the members of the league attending the dinner, as the Men's Club had as their guests all the members of the boys' clubs. The schedule has been moved forward.

Washington Party for Children!

A very delightful "George Washington" party was given for children Saturday afternoon in the assembly room by the Kokshi club and the Willing Workers' club. A little play, "George Washington's Fortune," was given very cleverly by the Kokshi club and was enjoyed by the children very much. The Willing Workers, under the leadership of Miss Eva Fry, entertained the children with fancy dancing, and then there was informal dancing by all the children, preceded by a grand march. Master Arthur Davis pleased the little guests with a violin solo.

The H. V. club attended the Evanston theater last week, chaperoned by Mrs. Woolfolk.

A Camera club has been formed to promote work in this field. This club is open to members of Community House only. They have a fully equipped developing and dark room, and lectures and instruction in the art of photography are to be arranged for the members frequently. Mr. Clarence Happ is president and William Washburn, secretary. Ask either of these for more particulars.

The Community House Basketball team was organized last Saturday evening, with Lloyd Geherty as captain and Sanford Bissell as manager. This team is to represent Community House in match games with outside teams. Mr. Clark is to coach the team and good work is expected from them.

The Community House Basketball team was to have played a team from Wilmette Saturday night, but the Wilmette team failed to show up.

Saturday afternoon's games of the Junior league resulted as follows: Midgets 18, Young Crusaders 15, Cardinals 18, Winnetka Colts 5.

The Seminoles lost to the Community Stars in a good game of basketball Saturday evening. The score was 18 to 15.

Saturday afternoon the Intermediates swept the fast Loyola academy team off their feet and won a pretty game, 25 to 14.

The dances in the assembly room, following the moving pictures, Friday evenings, have been discontinued during Lent.

The Midgets will play the Evanston Midgets at Evanston, Saturday afternoon.

Guitar lessons. Tomaso's Studio, Rood building.

# Electric Light

is recognized in this day and generation as the King of all artificial lights. Electric power in the house it is generally realized will assume the heaviest labor.

¶ The spectacle of a new house completed nowadays without wiring is so rare as to be curious. It may be located miles away from supply lines. But it is wired just the same.

¶ It isn't found necessary to expand on these facts. On the contrary we know the only reason why a house is not using electric service is that it happens not to be equipped for it.

¶ The impression prevails that there are difficulties in wiring an old house. The notion is entirely wrong.

# It's Perfectly Easy

¶ Special wire for this particular purpose is made. There are half a dozen ways available to a skillful man to completely thread it through an old house without damage or annoyance to the occupants.

¶ We employ these methods. And to make it available to any income we do the work at cost and spread the payments over a period of two years, collecting a little each month.
