

# WOMEN KEEP UP THEIR INTEREST IN CLUB GOLF DAYS

## Varied Events Hold Golfers' Attention in Skokie Matches

THE usual large number of golfers who have been taking enthusiastic interest in the Monday golf at Skokie are expected to be out next week, with additional players, to compete in the all-day matches, which will consist in the morning match play against par handicaps and a putting contest in the afternoon.

This week's events were very successful and the intense humidity of the atmosphere failed to smother the interest and energy of the contestants. The whole match in the morning and holes in the afternoon comprised the day's events, with Skokie members carrying away the honors. Mrs. R. Watson of Highland Park, won the first flight, Mrs. Hackett of Chicago, the second, and Mrs. Burt Cover of Glencoe, the third. In the afternoon Mrs. Godfrey Phillips was winner of the consolation flight of 9 holes, the trophy for which was given by Mrs. Paul Chace.

It was thought early in the week at Skokie would be represented at Indian Hill by at least two players. Mrs. J. Milton Trainer and Mrs. Godfrey Phillips planned to enter the special events planned for the Open Day for the Women's Western Golf association on Wednesday of this week.

## Women Enjoy Second Day of Golf at Sunset Ridge

FOUR matches were included in the schedule for the second day of women's golf at the newly opened Sunset Ridge club, west of Winnetka. In the 18 hole class A, medal play handicap, the honors were taken by Miss Virginia Ingram. Mrs. M. J. Hickey, Jr. had the low score for the 4 short holes on the 18. In class B, Mrs. Thomas F. McNally won the 9 hole medal play handicap, with Mrs. A. S. Webbe holding the best score on the 4 odd holes of the 9 played.

The luncheon and bridge game following were well attended by members and their guests.

## Library Club Membership Drive Terminates Aug. 1

THE membership drive of the finance committee of the Woman's Library Club of Glencoe comes to an end August 1. Names of the applicants received up to that time will be listed in the year book for the coming club season to be published in September. After that date it will be impossible for the names of new members to be printed as their names must be posted for four weeks before being passed upon by the board.

## Many Women Compete in "Open Day" Tournament

THERE were evidences of great activity at Indian Hill on Wednesday with many players starting out in the events planned for Open Day for the Women's Western Golf association. At the time of going to press information regarding the number of the players or the schedule of matches was not available.

Mrs. A. Fletcher Marsh had the best score on odd holes, the event played on Wednesday, July 16.

Next week the women will contend for 18 hole medal play, for the best low gross and low net scores.

## Professor Heath Talks at Little Garden Club

THE regular July meeting of the Little Garden club was held Friday, July 11, at the home of Miss Emma Schreiner, 1110 Greenleaf avenue. After a short business meeting, Professor Meath, professor of Botany at Northwestern university, gave an instructive talk on "Roses," including in his lecture, the subject of "Grafting."

The next meeting of the club will be held on August 15.

## Northwestern Course Club House Nearing Completion

The new fireproof club house on the recently opened Northwestern Golf grounds, Emerson street and Harms road, is rapidly nearing completion and will be ready for use some time in August, according to officials of the semi-public course. A section of the club house is now under roof. Included in the facilities of the house will be a spacious main dining room, a roof garden restaurant, lounges, toilet, locker and shower sections. It will be strictly up-to-date in every appointment, it is stated.

The Northwestern club has entered a foursome, comprising Messrs. Boyke, Fells, Miller and McKenna, in the Cook County Municipal Golfers' league. Match games are played every Sunday morning at 10:30 o'clock on all the public links in the Municipal Golf association.

## RECORD CROWDS LURED TO BEACH

### Summer Weather Makes Swimming Fine

Normal July weather during this week has brought out the largest crowds of the season to the Wilmette bathing beach, near Lake avenue and Sheridan road, with a record attendance of 1114 on Monday. The Tuesday water crowd was reported as closely approaching the record of the day before.

Attendants at the beach have been kept busy seeing that things move along without danger or injury to anyone. The morning and afternoon crowds seem to be mainly children, and as Francis Bradley, the beach manager, remarked, "It is practically a day nursery, and we see that everything is safe for the children on the beach."

Two life guards are on duty constantly and the matron or her assistant are at the beach, throughout the day. In addition to Bradley, Archer Kennedy and Edwin Jones are regular life guards, and, during busy periods, Bernard Schroeder assists. Mrs. Belle Hilton is the matron and Mrs. Ange Borgfeldt her assistant.

The checkroom and refectory are open every day for the convenience of the beach patrons. Beach umbrellas are on the shore throughout

the day. Early every evening, the four large searchlights are played upon the water. Each morning, the temperature of the water and air is marked on a large board at the foot of the stairs leading to the dressing rooms.

The beach privileges are given only to regular members and Wilmette citizens who pay a specified fee each time they utilize the facilities. There are 685 paid up memberships this year, to date, it is announced.

Wilmette citizens can secure season memberships to the beach by paying a fee of \$5, which entitles any member of their family to take advantage of the beach privileges.

### WHY THEY DO IT

An Englishman, recently explaining the British system of beginning telephone conversations by saying, "Are you there?" instead of the American "Hello," defends his style thus:

"We ask, 'Are you there?' If you aren't, obviously there is no need for proceeding with the conversation."

### CHILDREN'S FREE CLINICS

Every Monday, Wednesday and Friday from 8:30 to 10 A. M. and Mondays and Fridays from 3 to 5 P. M.

Don't guess about your child's eyes. Conservative authorities estimate that 25% of all children suffer, or are handicapped because of Eye-Strain.

Don't wait for them to complain, bring your children in for examination, and we will advise you regarding the condition of their eyes.

## Unfurnished Apartments With Hotel Service

HERE in a cozy apartment of two, three four or more rooms you can enjoy all the comfort and pleasure of your own furnishings plus the many advantages and conveniences of hotel service.

The rentals are economical. No light bills, gas bills, ice bills or servants wages. Everything new, up-to-date—beautiful!

If you are selling your home, or if your lease expires this fall investigate this happier, easier mode of living in Evanston's finest apartment hotel. Ready September first. Visit us or telephone Evanston 8700.

# The ORRRINGTON

EVANSTON ILLINOIS

## A Station on The Voice Highway

JUST as our railroads form a great system and a traveler boarding a train at any station may travel to any other, so the Bell System combines the telephones of the nation and every Bell Telephone is a station from which every other Bell Telephone may be reached.

"Station-to-station" long distance calls meet almost every requirement and the day rates are about 20% lower than for "person-to-person" calls. Evening rates are about 50% and night rates 75% lower than day rates for "station-to-station" calls, but no rate is reduced below 25 cents. Consult the telephone directory for further details or call "Long Distance."
