The Alpena Post Office, a modern mass two story building of Indiana Bedford Stone, is situated on the south bank of the Thunder Bay River and faces Water St.

Through the large swinging doors one enters into a spacious lobby having terrazzo floors and vainscoted with beautiful grey marble. The large windows are of polished glass set in steel sashes. The first floor is used entirely by the postal department with its various rooms. Mr. Sam Davison is Post Master. Phone 811.

At the end of the front lobby traversing marble treads to the second floor where one enters a long terrazzoed floor hall. The first door to the right from this corridor leads to the Civil Service Commission under the management of Miss Mariot Hansen. Directly opposite this room is the one occupied by the Deputy Collector of Customs with Mr. Robert J. Muritz in charge. This office is opened only in the evenings.

The room next to this houses the County Agricultural Society which is a branch of the U.S. Field Dept. of Agriculture. Mr. Charles Blivin of the Extension Service is in charge with Miss Norma Duby head of the 4 H Club as assistant. Phone 535.

The U.S. Weather Bureau maintain the following three rooms for their offices. Mr. A. Wiesner is the Meteorologist in charge while Mr. Thomas N. Coen is assistant. Phone 69.
