ALPENA CITY DIRECTORY.

The Alpena hospital and sanatorium

This large and commodious establishment is located in the very center of the City of Alpena, and was erected for the accommodation of the traveling tourists, as well as for the sick and convalescent, and fills a long felt want, which heretofore was a drawback in making Alpena the very finest Summer Resort in the State of Michigan.

It is incorporated under the law of the State of Michigan, and is styled as the Lafayette Medical and Training School for Nurses. When fully completed, the Hospital will be separate from the Sanatorium, and will be equipped with the most modern improvements.

Every pains has been taken in selecting a physician of renown, and everybody will know that in selecting the present incumbent, Dr. A. E. Bonneville, we have put at the head for its management, one who has a national reputation, and has already gained an envious reputation in this very city.

The hospital is provided with a corps of trained nurses, and everything will be done to comfort the sick, and the method of treatment is all that medical and surgical science can afford.

INTRODUCTORY.

This is the 17th year of publication of the Alpena City and County Directory and it is introduced as being as complete and accurate as its worthy predecessors, it being the constant aim of the publishers steadily to improve in accuracy, fullness of information and convenience for use the contents of each edition. The business directory, the gazetteer of churches, secret, benevolent and social organizations, of all manner of societies, the list of State, county and municipal officers and boards, the list of streets, ward boundaries, etc., etc., in fact, all the varied information desirable in a modern, first-class directory, is given with special accuracy and will, we believe, prove an almost infallible guide to those who use it.

The work contains 312 pages, of which the first 44 are devoted to the miscellaneous information department. Pages 45 to 218 contain an alphabetically arranged list of business firms and private citizens in Alpena, followed by a Classified Business Directory, comprising a list of all persons engaged in business, grouped under their respective callings. This is supplemented by 45 pages giving name, section, number of acres, assessed value of same, township and postoffice address of all farmers in Alpena County. So far as could be procured, the names and present address of persons who have removed from the city since the last issue, as also the full name, age and date of demise of those who have died within that time are given in the general alphabetical directory.

In due time the eighth volume of the Directory will be issued, and every effort made to make it a complete epitome of the business interests of the city and county.

ALPENA CITY DIRECTORY
1899-1900.

MISCELLANEOUS DEPARTMENT.

STREETS AND AVENUES.

EXPLANATION.

Chisholm and Dock streets is the dividing line for all streets crossing them, or running North and South, and Second street for all streets running East and West. The system adopted is the same as used in Philadelphia and other large cities, known as the "decimal" system—one hundred numbers being allowed for each block. In cases where vacant lots, etc., occur, the usual numbers have been allotted them. On referring to the following guide, it will be noticed that the names of all streets and avenues follow each other in strictly alphabetical order without regard to location:

Adams, from Long Lake av east to Huron, between Bolton and Monroe.
Addison, from Ontario east to city limits, 1 west of Franklin.
Albert, from Taylor north, between Beebe and Huron.
Alfred East, from Dock east to Mill, 1 north of Beebe.
Alfred West, from Dock west to Huron, 1 north of Beebe.

CAUTION.
Deal only with well-known publishers when giving orders for Directory advertising.

READ ALL ORDERS CAREFULLY BEFORE SIGNING, and do not sign duplicate "vouchers," as they are invariably used fraudulently.

PAY NO MONEY IN ADVANCE. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

GRAND TRUNK NEW SINGLE ARCH DOUBLE TRACK STEEL BRIDGE
OVER THE NIAGARA RIVER.

The new bridge is a single steel arch of 60 feet in length, supplemented by a trussed span, at either end, of 115 feet in length. This with the approaches, makes the total length of the bridge slightly over 1,000 feet. The railway tracks surmounting the bridge are 55 feet above the water. The bridge has two decks or floors. On the upper floor there are two tracks for railway purposes exclusively, while the lower floor contains a wide central carriageway, double electric railway tracks, and on either side passageway for pedestrians.

As an evidence of the enormous strength of this beautiful structure, the arch is designed to carry on each railway track a load of two locomotives with four pairs of drivers each and 40,000 pounds on each pair, followed by a train of 3,500 pounds per running foot, and is designed to carry in addition a live load of 1,000 pounds per running foot on the lower floor. The general public will, however, probably be better able to arrive at a correct understanding of the enormous sustaining power of the new bridge by the fact that it is calculated to sustain a weight of something over six times the sustaining capacity of the historic Suspension Bridge, which it replaces.
