## MISCELLANEOUS DEPARTMENT.

### STREETS AND AVENUES.

#### EXPLANATION.

Chisholm street is the dividing line for all streets running North and South, and Second avenue for all streets running East and West. The system adopted is the same as used in Philadelphia and other large cities, known as the "decimal" system—one hundred numbers being allowed for each block. In cases where vacant lots, etc., occur, the usual numbers have been allotted them. On referring to the following guide, it will be noticed that the names of all streets and avenue follow each other in strictly alphabetical order without regard to location:

- Adams, from Long Lake av east to Huron, between Bolton and Monroe.
- Addison, from Ontario east to city limits, 1 west of Franklin.
- Albert, from Taylor north, between Beebe and Huron.
- Alfred East, from N 2d avenue east to Mill, 1 north of Beebe.
- Alfred West, from N 2d avenue west to Huron, 1 north of Beebe.
- Ash, from Oliver west to Garden, 2 south of 3d.
- Bagley, from Washington av south to 3d, 4 west of Garden.
- Baldwin East, from 2d east to State, 1 south of Campbell.
