is interested in business activities for students. With her husband, who teaches Jr. Business at Alpena High School, she enjoys skiing and swimming — "especially skiing."

History of Western Civilization 101 and 102 and possibly Contemporary World History 208 will be instructed by Mr. William C. Stinchcombe, who received his B. A. from San Francisco State in 1960 and his M. A. from the University of Michigan in 1962. Mr. Stinchcombe is unmarried, seems to like the College. Here, he might be interested in an informal discussion group in current events.

From Stout State College in Menomonie, Wisconsin comes Mr. Hans W. Hatopp, who will teach most of the engineering courses. He has teaching experience at the Clintonville Senior High School in Clintonville, Wisconsin. He was treasurer and publicity manager of Delta Kappa, a social fraternity. Having received his B. A. and M. A., Mr. Hatopp is not at the present sure of whether he will go for his doctorate. His interests are broad; he enjoys aviation, athletics, hunting, fishing . . . When asked about the college, he replied, "From what I've seen of it at this point, I like it very much." Mr. Hatopp is married, has four children.

Hoping to build the Collegiate Singers this year is Mr. John Dovaras, who received his B. M. from Boston University and his M. M. from Northwestern; he has had additional study at the University of Wisconsin, and does intend to go on for his doctorate. He participated in the Choral Arts Society, A Cappella Choir, and the Concert Band while in college. The Collegiate Singers, music appreciation, and music theory will all meet at the College this year. He hopes that this will help to build the College music program. Besides teaching, he is the director of the Alpena Civic Orchestra and the Alpena Community Chorus, a civic group. Mr. Dovaras is married, has no children.
