Queen Donna Reigns Over A.C.C. Homecoming

Grants Available For College-Bound

Millions of dollars in scholarships will be at stake in the next few months as college-bound students compete for Federal, Industrial and National Merit Grants.

Some federal scholarships are payable within 10 years at a low 3 per cent interest rate. If the students enter the teaching profession, only half the amount must be paid back and if he or she teaches in an underprivileged school community, the entire debt can be cancelled.

Many industries and private companies offer grants and scholarships. The Huron Portland Cement Company and Besser Company offer grants to students of Alpena. The Ford Motor Foundation and the National Merit Scholarship Program will hand out \$2,000,000 in grants in the next year.

These awards are presented for academic achievement, but the actual amount given is determined largely by the need of the student.

Donna Lutes, 1966 Homecoming Queen

Lumberjacks Topple Muskegon 113-92, To Make A.C.C. Homecoming a Success

Donna Lutes, a Sophomore from Alpena, was selected from a bevy of candidates to reign over the annual Basketball Homecoming festivities held two weeks ago on February 12. The remaining six candidates comprised the royal court. They were Linda Le Meux, a Freshman from Alpena; Gail Ayling, a Sophomore from Harrisville; Cindy McNeil, a Freshman from Harrisville; Betty Wolf, a Sophomore from Alpena; Ann Dault, a Freshman from Alpena; Janel Thomas, a Freshman from Beloit, Wisconsin.

The results of the election were not announced until after the game at the semi-formal dance held at the Besser Technical Center. The dance, was entitled "Queen of Our Hearts" and had a Valentine's Day theme.

The New Esquires entertained from 10 until 1, and punch and cake were served as refreshments.

At 11:00 p.m., the selection of Donna Lutes as "Queen" was announced, as well as the introduction of her court. The escorts of the young ladies were Ron Brinkman, Chuck L Richard McDonald, Bob Hamp, Sam Charlton, Ken Sysak, Roy McNeely, and Fredrick Taber. Mr. Dutcher, A. C. C. basketball coach, crowned the new queen.

The evening began on a high note with the triumph of the Lumberjacks over Muskegon 113-92. (The game is covered in detail on the Sports page.)

This year Miss Lutes will represent Alpena Community college in competition for the title of "Queen of the Northern Michigan University Carnival," which will be held at Northern, in the city of Marquette.

India Puts Woman In Driver's Seat

Women of America, someone else has won the race for equality of the sexes! Mrs. Indira Nuhru Gandhi has become the world's first woman prime minister.

Mrs. Gandhi, the 48-year-old mother of two, was chosen by a parliament of the ruling Congress party. She received 355 of the 526 votes cast to defeat the former finance minister, Morarji Desai.

Mrs. Gandhi is the world's only woman head of government and India's third leader since the independence of 1947. America has had thirty-six leaders, and not one has been a woman.

America the land of freedom and equality must take a back seat. The closest we came to a woman president was Margaret Smith's candidacy. — Diane Prittie

GI Bill Is Passed By Congress

Congress passed a bill providing education, home loan, and other benefits for veterans with more than 180 days of active service in the Cold War.

The only opposition to the bill was that it wasn't liberal enough. Some said that the U. S. owed its fighting men more than they were getting for sacrificing their lives for their country and its democratic freedom.

The bill provides for 36 months of schooling based upon one day of service for one day of schooling. If a man is single the bill provide him with school aids of \$100 and \$125 for men with one dependent and \$150 for men with two or more dependents.

Home loans are also provided for in the bill. There is an allowance for these loans up to \$7,500. Along with educational and housing help the service men are also provided hospital care for non-service ailments if beds are available in the veterans hospitals.

STUDENT EVALUATION FORMS

As the college is growing each year in the physical plant as well as in the student body, it becomes more and more difficult for us to know every student personally. As each of you is preparing to leave Alpena Community College and pursue your chosen field, it is always necessary for someone from the college to fill in the appropriate forms since their colleges and prospective employers ask for recommendations. Therefore, in order to insure that each and every one of you has a recommendation on file, the Student Services Office has prepared a student Rating Form which will assist us in making the proper evaluation of each student. All sophomores are invited to pick up the Student Evaluation Forms

from the Student Services Office (Conference 8) and give them to the instructor you wish to have evaluate you.

After the instructor evaluates you, the form will be filed as part of your permanent record.

A friend of ours who is a nut on classic automobiles bought a car a few weeks ago that runs entirely on electricity, and he paid \$10,000 for it - \$5000 for the car and \$5000 for the extension cord.

Draft Class Can't Be Used to Punish

It was announced this week by the Justice Department that draft laws cannot be used to muffle the right of students to protest U. S. military actions in Viet Nam. It has been charged that Selective Service Director Lewis B. Hershey condoned local draft boards changing men's classifications because of

their opinions against the war in Viet Nam.

Whether you agree with U. S. Policy in Viet Nam or not, this cans should be proud of. The rnews was something Americans should be proud of. The right to disagree or to hold a minority opinion has been protected once again.

Summer Work In Europe Can Yield Fun And Profit

Grand Duchy of Luxembourg — You can spend this summer strolling the beaches of southern France, enjoying a breathtaking view from a Swiss chalet, or moving with the fast paced life of Paris, London or Rome. How? Simply by taking a summer job in Europe.

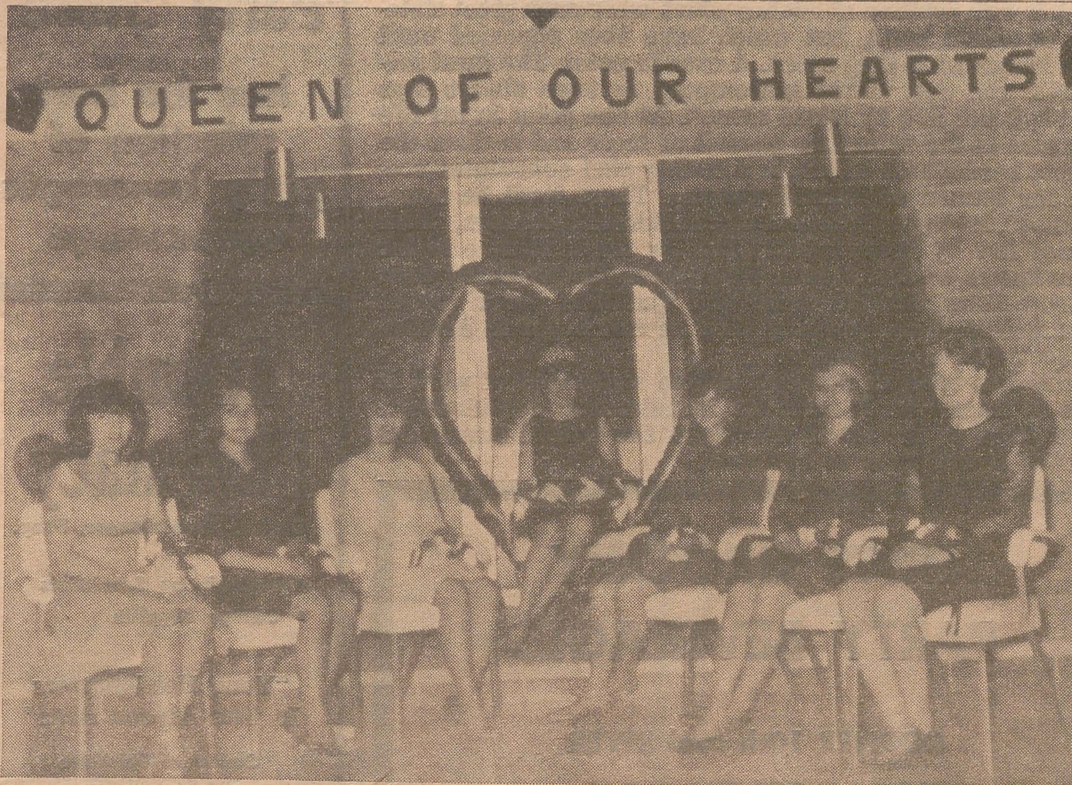

The American Student Information Service, with headquarters in the Grand Duchy of Luxembourg, has some 20,000 summer jobs on file to be filled by American College students. Life-guarding, resort, office, sales factory, child care farm and shipboard work are only a few of the categories from which you may choose. Neither experience

nor language ability are needed.

But perhaps most important of all to the average American college student is the fact that the ASIS gives travel grants up to \$1000 and every applicant receives a minimum travel grant of \$250.

Write to ASIS

If you are interested in a summer job in Europe write to Dept. VI, ASIS, 22 Ave, de la Liberte, Luxembourg City, Gran Duchy of Luxembourg requesting the ASIS 36 - page illustrated booklet which contains job descriptions, wages, working conditions, etc. and a job and travel grant application. When you write enclose \$2 for the booklet, handling and air mail postage.
