Many Records Are Broken at A.C.C.

The 1965-66 basketball season is at an end and with the close of the season many records have been set and broken at A.C.C.

The Lumberjacks ended their cage season with a 22-5 record. This broke the old record of 18-6, held in the 1962-63 season. A new team - scoring record was set by this year's Jacks as they scored 122 points against Northwestern of Traverse City. The Jacks scored over 100 points ten times this past season. Another record for the most wins in succession was established by the Lumberjacks as they strung out 16 straight victories. In route to their recording breaking season the Jacks tied with Port Huron for the MJCC title.

The record that everyone will remember is the three straight wins at Flint for the Region XII championship and the right to represent Region XII at the National Junior College Basketball Tournament in Hutchinson, Kansas. Achieving this, the Lumberjacks were one of the top sixteen teams in the nation.

This year's basketball team will be remembered for a long time at A.C.C. and in the city of Alpena. The records set this year will probably stand for many years to come.

The Amish people, a conservative branch of the Mennonite religion, are best known for their non-conformist garb and "way of life." The men fasten their clothes with hooks and eyes instead of buttons, wear black hats and black beards, and no jewelry of any kind. The women wear plain bonnets, full dresses with capes over their shoulders, black shoes and stockings. Amish people shun telephones, electric lights and automobiles.

Government To Set New Date For Test

Students who missed the April deadline for signing up for the draft test will be allowed another chance.

By the April 3 deadline about one million students had signed up, but there were thousands that found their draft boards closed and failed to sign for the test.

Tests have been scheduled for

May 14, May 21, and June 3. Now a fourth test will be given in June.

The eligibility standards will be the same as before and no student may take the test twice.

The test consists of 150 questions, to be answered over a three-hour period. An undergraduate student must score 70 and graduate students must score 80 out of a possible 100 to remain deferred from the draft.

So far no college students has been reclassified from 2S to 1A if he continued to meet standards for a full time student and remained satisfactory in academic performance.

Jacks Look Good For Next Season

When the Alpena Community College finish this year's highly successful basketball campaign Coach Dutcher will have his work cut in rebuilding Alpena for the 1966 - 67 basketball season. Coach Dutcher will lose his entire starting line up of this year's squad, Tom Richardson, Jim MacCormack, Roy McNeely, Tim Doughty and Mike DeWyre are all graduating at the end of this semester. The sixth man Gary Smith also will be lost through graduation.

Despite these losses, Community College will still have four returning letterman back from this year's team. All four are residents of the Detroit area, Harvey Hughes, Ellis Hayes, Dennis Blair and Sam Chalton. Harvey Hughes, who played his high school ball at Detroit Southwestern will be relied heavily on by Coach Dutcher in the back court next season. Harvey has seen a lot of action this year and the experience should help him a lot for the 1966 - 67 season. A real good shooter and god ball handler, Harvey should be a great asset to next year's squad.

Ellis Hayes, who al splayed for Detroit Southwestern, will be Coach Dutcher's top pivot man next year. Ellis has tremendous jumping ability and his shooting is improving with every game. One of the assets Ellis has is his great desire to play the game, he put out a 100 per cent at all times.

Dennis Blair, an all-stater from River Rough Lourdes will be at one of the forward slots next season. Dennis has real good moves for a man his size and jumps very well. He is a god shooter from any angle on the floor and should be one of next year's seasn.

The final letterman from this year's squad is 5'9" Sam Chalton, who plays his high school ball at Melvindale. Though lacking in size, Same has great determination and is a good outside shot. He should prove to be valuable team player in the coming season.

When a team loses a total of six players of whom all could be starting its hard to replace them but with the determination of this year's letterman and Coach Dutcher without all probability will recruit some excellent high school ball players, next season could prove to be a most delightful and interesting season for the sprts fans of A. C. C.
