ACC DEAN-ELECT PETOSKEY ARRIVES

Dean-Elect Jack Petoskey and friend

## **College Members** Active in G.O.P.

Getting involved with politics at an early age seems to be the key to constructive civic action. That is, according to the Alpena County Chairman of the Republican Party and the Director of Young Republicans, Mr. Jerry New-house and Mr. Richard Matteson, respectively.

Mr. Matteson, history instructor at ACC, has taken the direct approach to younger people. He has organized T.A.R. (Teenage Republicans) and holds meetings for college students every other Thursday at 8:00 p.m. The meetings are held at the college and all interested students are invited.

Mr. Newhouse controls the 12,000 registered Republican voters in Alpena County. He is a part-time student at ACC and also operates a tonsorial par-

## **A STUDENT'S VIEW ON REGISTRATION**

Registration days at ACC were hectic and confusing to say the least. "Pick up one of these, read this, fill out those, sign here." Who wouldn't be confused? But with the paperwork done, there was nothing to do but sell the old books and get some new ones. Unfortunately, the book-store was all through "buy-ing-back" the books and was only selling them. It seems that the bookstore bought back the books the previous week and was no longer accepting them. Stu-

(Continued on Page 4)

## Snack Bar Open Four Week Nights

The snack bar located in Central Hall will remain open nights throughout the second semester.

## **Admirers Demand Justice Be Done**

It seems that Marty Hughes, a resident of Tenafly, New Jersey, has been composing articles of paramount quality and has failed to receive recognition from the staff of the Timbercruiser. In other words, his name, which is not long or difficult to spell, has been absent from the masthead in every issue since September.

This alarming error has

## Will Replace Dean Stanley Van Lare Who Is Scheduled For Retirement

Newly-elected Dean of Alpena Community College, Jack Petoskey, is a man with a variety of interests. He enjoys hunting, fishing, boating, attending plays, and rock hunting near his cottage in Greenbush. While in high school and college, he actively participated in football.

Dean-elect Petoskey has held many different positions during his career. Among them were: Director of Athletics at Hillsdale College, Head Coach at Western Michigan University (1952-56), Associate Professor of physical education at Western Michigan University, and Director of Orientation in the registrar's office at the University of Michigan.

## **Enrollment Given** for 1st Semester

Even though the first semester is already over, here are some facts which might interest you about the first-semester student enrollment.

First of all, the whole student enrollment was 735. This was broken down to be 50% freshmen, 28% sophomores, and 22% parttime students. Out of the freshman class 71% were males, while 70% were males in the sophomore class, and if one were a male part-time student he had the best advantage since there was only 63% of you.

A total of 87 different schools were represented at ACC during the first semester with 23 being out-of-state and 8 being from different countries.

During the first semester, there was a total of different curriculums followed, and if you really like facts, the total put in by the students came up to 9,132 hours.

ACC Homecoming Plans Announced The 1967 Alpena Community College Basketball Homecoming game will be tomorrow night, February 25, at the Catholic Central High School gym against Schoolcraft. Five candidates were nominated by the basketball team and then the entire student body voted for the Queen last Wednesday and Thursday, February 22 and 23. The candidates are two sophomores, Ann Gilliland and Julie Losinski, and

He stated that he has been a student of U. of M. twice. He has earned both his BA and MA in education and is now working toward his Doctorate. He hopes to complete his Doctoratethis year. During his college days, Petoskey was a member of the Sigma Chi fraternity. His wife, Mar-garet, who also attended U. of M., was affiliated with he Chi Omega sorority. He later served as an alumni member of the Inter-fraternity council.

Jack Petoskey was born in Saginaw, but grew up in Dearborn where he grad-uated from Fordson High School. After Fordson, he entered the University of Michigan. During World

## S.E.A. Surveys **Mentally Retarded**

"Know yourself," was Mrs. Marion Dunckel's strongest recommendation to the members of the Student Education Association at the February 1 meeting.

Mrs. Dunckel, an in-structor at the Pied Piper Center (Alpena's retardation center) discussed mental retardation and the operations and advancements of the local center. She also voiced the opinion that a career in the field of special education should be in view with the first year of college experience. "Knowing yourself can better help you to under-stand the difficulties of the people around you, not only in every day life, but in work with the mentally re-tarded." Speakers at SEA meetings are intended to give members an insight into some of the various branches of the educational system.

lor here in Alpena.

Both of these hometown men have taken the initiative of civic action into their own hands, with quite productive results.

### NOTICE

Dean-Elect Petoskey announced last Friday that Harlan Hatcher, President of the University of Michigan, will be the **Commencement Speaker** May 26, 1967.

The main purpose is to make snacks available for students and adults who have night classes at Alpena Community College. Headed by Mrs. Ed Bastow, the snack bar will be open Monday through Thursday from 7 to 9:30 p.m. each night. The opening of the snack bar was organized by the Student Government and student representatives will be present to assist in supervision if any incident oc-- Donna Froberg curs.

### EDITORIAL...

By JAMES ALLYN

Laws are like cobwebs, the small flies are caught and the great ones break through.

Great fly Jimmy Hoffa and six cronies were convicted of milking the Teamsters' pension fund of \$25 million through fraudulent loan applications. His fine? \$10,000. (Net gain per man-\$3,571,428—before taxes?) His jail sentence? Possible 13 years, but, strangely enough, Hoffa is free on bond.

A current great fly attempting to break through the web is New York's Harlem Congressman Adam Clayton Powell. Powell successfully dodged payment of a \$164,000 defamation judgment won by a Harlem widow for quite some time. He did this by encamping himself at his retreat on South Bimini Island in the Bahamas with his "secretary" Corinne Huff.

Powell and Huff, a Negro beauty contest winner, whom he had put on his committee payroll at \$19,200 a year, took many airline flights that were charged to the taxpayers under assumed names. Powell also kept his estranged wife, Yvette, on his Washington payroll at \$20,578 a year, although she is living in Puerto Rico. He regularly pocketed her paychecks. These are only a few of his many

### THE TIMBER-CRUISER

I think the recent article in the Timber Cruiser about the basketball team

was in very poor taste. How hard does our team have to play to please the people? If a man puts on a basketball uniform, he is going on the floor to lose. If the team loses, the school should be even more behind them, not down on them. There is no glory in losing.

The basketball player is the one that feels badly about losing. An article like the one in the Cruiser makes this feeling even worse.

A ball player doesn't practice for two hours a night to go out on the floor to lose. The men on our team don't have to play ball, they play for the love of the sport. A lot of time goes into playing, and they do not play to lose.

No one has the right to say that our team is playing badly. If these people know so much about the game, why aren't they in uniform?

I could not blame the team if they gave up entirely. Why should they care? Nothing was printed about the games they have won. Nothing was printed about Calvin Hicks, a five foot seven inch guard, who is small for college, averaging 21 points a game. It seems all people can do is criticize.

I don't care if they lose all the games. I am still be-

...having another quiet

gathering?

that they are properly placed in the curriculum."

The Petoskeys have six children: John, 15; Barbara, 14; Margie, 11; Billy, 10; Betty, 6; and Craig, 4. The family is residing at 330 Scheuner Drive.

## NOTICE!

LETTERS TO THE EDITOR: The Timber Cruiser will print any article submitted, regardless of origin, if, in the estimation of the staff, it is of sufficient student interest. Submit articles to any member of the staff.

THE TIMBER-CRUISER

# Lumberjacks Start to Break Even

Reading from left to right: Front line: Calvin Hicks, Pat McDanial, Tim Lutes, Rick Hamilton, Mike Schupert, Bob Jefferson. Rear line: Ken Parrish, Jim Yagger, John Burtch, Denny Blair (captain), Dave Sparks, Bob Meske, Coach Tom McPhillips. Absent from picture: Steve Malkiewicz.

# Weather PostponesIntramural CageBasketball GamesAction Mounts

The Michigan weather seems to have something against Alpena and Henry Ford Junior Colleges.

Twice these teams were to meet on the basketball court, and twice snow, ice, and high winds postponed this game until another date.

A.C.C. who has won 5 of its last 6 games, and who is now above the .500 mark, is looking forward to this game, but old-man winter just won't cooperate. Alpena has already lost once to Henry Ford, and the way things are going they might not even get a chance to break even.

- Gary Jarmuzewski

The '67 Intramural basketball season is in full swing. The league is composed of seven teams. The teams are: the No. 1's, the Sheiks, the Raiders, the Nads, the Oscoda Maulers and the Fraternity Team.

Thus far, only two teams remain unbeaten; they are the Fraternity Team and the No. 1's. They will have a showdown on Feb. 20th.

Games are played every Monday night from 7 to 10 o'clock at the A.M. Besser gymnasium. Anyone desiring to watch the games is welcome to attend. A schedule of games can be found on the bulletin board in Central Hall.

## Jacks Bow to Flint 92–76

ACC Lumberjacks were back in action Friday night after a two-week layoff, and they dropped a 92-76 decision to Flint JC at Flint. Flint was ahead at the half by a 47-34 margin. The Jacks brought the score within seven points in the second half, but Flint rallied and stretched their lead to 16 points at the final buzzer.

Dennis Blair, with 21 points, and Tim Lutes, with 16 points, led the Jacks in scoring. Drake Surges of Flint took game-scoring honors with 25 points and Ken Jones was a close second with 22 points.

The Jacks now have a 5-6 record in the MJCC and they are in seventh place in league standings. Flint has an 8-2 record and is tied with Grand Rapids for third place.

ATTFN

### By JIM O'N'EIL

With the 1966-67 basketball season at the half-way mark, the Jacks are beginning to hold their own.

Coach McPhillips' cagers are seeing daylight ahead as their won-lost record grows more impressive. It appeared, after considering results of the first few games, that the Jacks were cellar-bound, but now they have compiled a 9-8 record for the season. In Michigan Junior College Conference competition their standings read 6 - 6.

### Queen

(Continued from Page One)

three freshmen, Eva Lee Bellingham, Karen Edwards, and Linda Silver.

The Queen and her Court will be announced during half - time at the homecoming game. She will be crowned at the dance by Coach Tom McPhillips. Dennis Blair, Captain of the Jacks, will present the 1967 Queen with a bouquet of roses.

The semi-formal homecoming dance will be staged from 10:00 to 1:00 at the Civic Center. Music will be provided by "The Count and the Colony".

Under the general chairmanship of Gary Davis, President of the Student Government, committees were appointed as follows: Mary Kay Chandler and Sam Chalton will be in charge of entertainment, refreshments at half-time for both the February 24 game and the February 25 game; Publicity, Timbercruiser editor Jim Allyn; and decorations and theme for the dance, Jeff Brasie, President of the Circle K Club.

ADAMS BOOK STORE FOR Cards—Gifts Stuffed Animals Study Guides and Outlines 2ND AVE. NEXT TO BRIDGE ALPENA In recent contests the Jacks have displayed the ability to work together as a team; not as five individuals indirectly working for the same coach. The key to the Jacks' success cannot be attributed to any newly acquired cage skills, but in their change of attitude.

It has been evident since the first of the year that this team has the potential to be a winning ball club. It may be that the Jacks have overcome their inability to pool their resources, a fundamental trait of all championship squads.

If the Jacks have gleaned any knowledge from recent victories, they have every reason to be optimistic as the post-season tournaments loom ahead. These tournaments are appropriately called "March madness."

The champion of the tournament will receive a trophy and a trip to Kansas. With spoils such as these, the spirit will be high and the competition will be keen. Thus, the tournaments often become the scene of startling upsets. Sports-writers and newscasters are unusually quiet when it comes to predicting the outcome of these matches because they are usually wrong.

Maybe all these factors will help the Jacks as they begin to think about the trip to Flint for the opening game of the 1967 Junior College Tournament.

dents were to sell them even before they found out if they had passed all their classes and could sell them. Many and could sell them. Many students didn't see the poster (that's right, "the" poster) on the bulletin board and consequently are "stuck" with books for which they have no need. Isn't it possible for the bookstore to set aside a certain time each week for the purchasing of books from the students? This would put more good conditioned, used books on the shelf for the students who don't want to pay the price for new ones; And who does?

Luy U.S. Savings Bonds

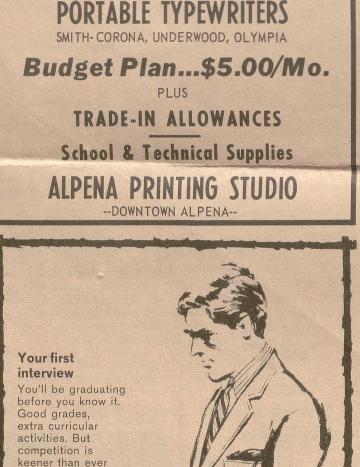

## First '67 Student **Forums Initiated**

Wednesday, February 8 marked the first of the Student Forums to be held in

the 1966-67 academic year. Moderator Sam Pappas urged students to "speak with their grievances out' about college policies. Among the queries raised were the purpose of the Student Government, the lack of enthusiasm in local activities, and the signifi-cance of the activity fee.

The Student Forum, originally initiated by the Student Government, is intended to allow the students to voice opinions and offer suggestions about the ac-tivities and policies of ACC.

### Marty (Continued from Page One)

logical solution: a mass "forgiveness" meeting in the brooding depths of the Black Forest, which is lo-cated in the vicinity of the Twin Acres. Present at this solemn ceremony were the T. C. staff and countless M.P.H. followers. Just prior to the supreme act of penance, Hughes made his dramatic appearance. From the pulsing heart of the forest he stepped, satiny robes of pure white adorned him and cast off a light of blinding brilliance (which only illuminated the strong, virile, profile of his face). Many women admirers fainted from gratifying delight at this, the supreme moment of an electrifying evening.

The T. C. staff submits this article to Saint Marty as a mere token of its adoration, and swears that this oversight will never again be repeated.

### **Own Radio Show** The Alpena Community College speech class presented the first radio program of the semester Mon-day, February 20, at 8:00 over WATZ Alpena. The program is directed by Mr.

Speech 104 Has

Titus with announcers Jerry Covey and Gary Mallon; editorials by Rick Hampton and Karen Leh-man; music directors, Sam Pappas and Jim Thibault; reporters, Greg Hoppe and John Naylor; D. J.s, Ed Hier, Douglas Smith, Dale Van Acker and Phil production, Lon publicity, Tom continuity, Joann Voss; Peters; Grant, Wojtowicz.

This program is designed with the student in mind. The class hopes to fill one hour with entertainment, news, editorials, interviews and advertising, and would appreciate any suggestions or ideas to make this program a success.
