ACC To Enlarge Next Semester

The Old Folks' Home is ours! The school administration has approved the decision to remodel the building now being used for elementary grade classrooms. The building, which is approximately 200 yds. west of Central Hall, is earmarked for upwards of \$75,000 worth of improvements.

It will be in operation at the beginning of next semester, says Dean Petoskey. This is possibly the best thing that has happened for those men and women interested in a future Student Union.
