KENNEDY WINS ACC ELECTION

On April ninth and tenth the Young Republicans of A.C.C. conducted a mock presidential primary election

H.E.F.A. FUNDS TO ENLARGE ACC

Funds for a Natural Resources Center are being appropriated by local, state, and national aid through the Higher Education Financing Act. The total cost of the facilities will be 1.8 million dollars with 30% of the funds coming from the local, 30% from the state, and the remaining 40% from federal funds.

The Natural Resources Center will be the tallest building on campus located either behind and to one side of the Besser Tech building or on the corner of Woodward Avenue and Johnson Street. The fisheries building will be by the river in back of Central Hall. Just where the forestry building will be located has not yet been determined.

Studies in the facilities will be in the science area excluding physics and mathematics. The buildings will consist of classrooms, laboratories, offices, preparation rooms and a large lecture auditorium.

The results of the election revealed that Robert Kennedy, a democrat, was the student's favorite by leading the election with 85 votes, 30.1 percent of the total count. Richard Nixon, a republican contender for president, came in second with 54 votes, and a percentage of 19.3 of the total count.

Eugene McCarthy, a democrat from Minnesota, received 53 votes to place second among the democrats. Hubert Humphrey, the third democrat candidate on the ballot, received only 5 votes. Although Lyndon Johnson announced a few weeks ago he would not seek another term of office, he received twelve write-in votes in the A.C.C. primary, and twelve votes may not seem very significant, but Lyndon Johnson is a man to be reckoned with.

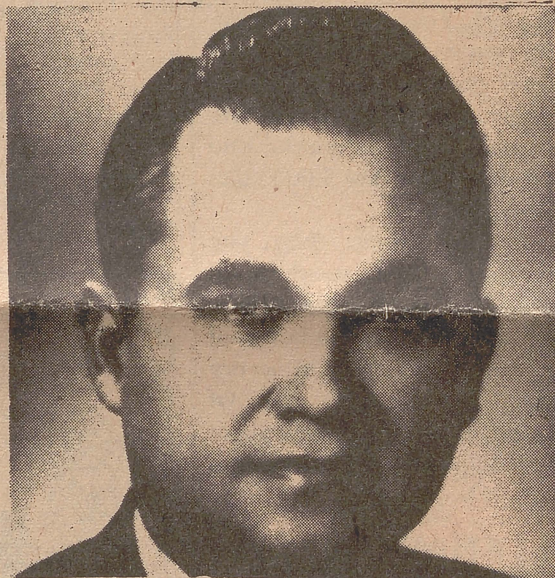

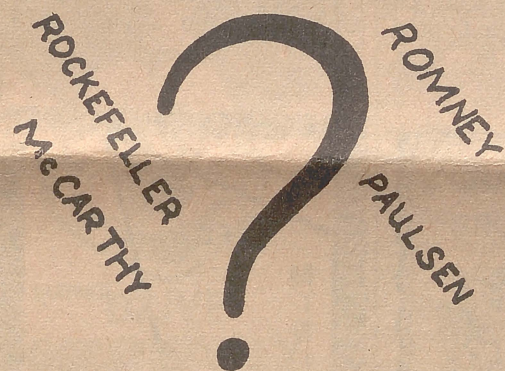

Nelson Rockefeller received thirty-three votes to wind up second on the republican side and fourth on the list for President.

The other republican nominee did not receive such favorable support. Ronald Reagan, the versatile man who went from motion pictures to Governor of California received only four votes. Harold Stassen received none. Write-in candidate Charles Percy, a senator from Illinois, received two votes and write-ins John Lindsay, Mayor of New York, and Barry Goldwater, GOP contender for the Presidency in (Continued on Page 3)

SKAGGS TO SPEAK AT GRADUATION

Kenneth G. Skaggs, Specialist and Coordinator of the Occupational Education Project of the American Association of Junior Colleges, will speak at the 1968 A.C.C. graduation ceremonies. Born in Illinois, Mr. Skaggs moved to Sarasota, Florida, as a boy, and was graduated from Sarasota High School. He received his A.B. and M.A. degrees from the University of Florida, and continued graduate work at Northwestern University and Florida State University.

Mr. Skaggs is a member of the faculty at the University of Florida, Dean of Georgia Military Academy. He was Vice President and Director of Academic Affairs at St. Petersburg Junior College from 1961 to 1966, and President of Chipola Junior College. He received an award (Continued on Page 4)

KENNEDY, NIXON, AND WALLACE LEAD A.C.C. VOTING.

ANTICIPATE OVER 150 A.C.C. GRADS

Over 150 sophomores will leave the Alpena Community College campus for the final time on May 31. The graduation ceremonies will take place at 4:00.

The Invocation will be given by Paster Douglas Soley of Grace Lutheran Church, and the Benediction by Father Robert Davey, principal of Alpena Catholic Central High School. Music will be provided by Professor Lawrence Torkelson and the ACC music department. Kenneth G. Skaggs, Specialist and Coordinator of the Occupational Education Project of the American Association of Junior Colleges, will be the speaker.

The graduation site is still undecided, as yet. A sophomore meeting will be held to determine whether graduation will be held indoors or outside. If it is held inside, graduation will be held at the Alpena Civic Center of Alpena High School. The probable outdoor site would be in front of Central Hall at ACC.

CLIPPING OF FINS IDENTIFY CHINOOK

The clipping of fins of the Chinook Salmon will be Tuesday, April 30, at the salmon hatchery. The right ventral fin is clipped so the Chinook can be identified at a future date.

Dr. Dunckel made a trip to the Jordan River Hatchery, Alba, Michigan, April 22, to secure more information and food for the salmon. He says that up to date he is satisfied with the progress of the salmon project, and although compared to other salmon projects, the production of the Chinook at the A.C.C. hatchery might seem small. Considering the students who work are not professionals, he thinks the program is progressing as well as can be expected.

The release of the smolt is estimated to be May 10. The fish will migrate throughout the Great Lakes area, and will return in the fall of 1970.

Two thirds of the budget of the salmon program is supported by the college; the remaining one third is supported by the community.

The planning for the salmon hatcheries originally began through the efforts of Howard Tanner of the Michigan Department of Conservation.

AWARDS TO BE GIVEN MAY 14

The Honors Convocation will be held at the Alpena Civic Center at 11 a.m., May 14. Awards will be given for academic achievement, athletics, and citizenship, as well as "L" awards.

Recipients of the academic awards will be determined by the departments making the presentations. Awards will be given in science, math, technical education, language, chemistry, and English, as well as other areas.

Athletic honors will awarded for baseball, basketball, track, cross country, tennis, and golf.

A citizenship award will be given, and also an "L" award, presented to a student who has been outstanding in academics, citizenship, and leadership.

- Final Exams... May 23-29
- Graduation..... May 31

PHI THETA KAPPA HOLDS INITIATION

Phi Theta Kappa held an initiation and tea Sunday afternoon, April 7, at the Community Room of the Peoples State Bank. The initiation ceremonies were conducted by Robert Kolnowski, president; Joy Hasselbring, vice-president; Kathleen Snyder, secretary; and Gary Bates, treasurer. Other members present were Alice St.Clair, Jane Witkowski, Carol Anderson, and sponsors Thelma Hartwick and Richard Moreau.

Initiates were freshmen Wendy Dunbar, Nancy Fortier, Nelson Herron, Claudia Kendziorski, Sandra Krueger, Richard Neumann, Sandra St.Charles, Marilyn Sigert, Dee Ann Smith, Janet Thorne, Rita Wasilk, and Constance Wegmeyer; sophomores Kurt Benghauser, Sue Doyle, Donna Froberg, Chris McCoy, and Alvin Warren. A business meeting was held and after adjournment members enjoyed cookies and punch.

EDITORIAL...

WALLACE FOR PRESIDENT?

The prospect of George Wallace as president may well seem a wild and horrible fantasy to some, however there is an outside fringe group that really believes the white backlash could accomplish this, riding high upon a tide of protest against federal racial policies. To most, Wallace is a little man making a big noise about an ugly issue, but more people than some of us care to admit are listening to that noise.

Wallace himself indicates that the sole purpose of his presidential candidacy is to elect George Wallace President of the United States. But somehow this seems totally unrealistic. George Wallace is no fool and must certainly realize that his chances of success are rather nil in this super-liberal age. In any event, it appears much more likely that he has another purpose in mind.

The more one examines the situation, the more apparent it becomes that Wallace, knowing that he cannot win the presidency, is solely interested in carrying as many southern states as he can and exacting as many electoral votes out of the north as possible. In doing this he may be able to make it impossible for either of the two major party candidates to obtain a majority of electoral votes, thereby throwing the whole mess into the House of Representatives. If this were to come to pass, little George Wallace would suddenly become a very big man indeed. He would be a man ready to do a bit of horse-trading by placing himself in the position of auctioneer, auctioning off the presidency to the highest bidder.

It makes one wonder just what price he is going to ask and, more than likely, receive!

ANNUAL CONFERENCE MEN ARE JUST AS HELD AT THE FCJC STYLISH AS WOMEN

Mrs. Florence Adams, English and Humanities instructor at A.C.C., attended the NCTE/CCCC third Annual Regional Conference on English in the Two-Year College at the Flint Community Junior College, March 29-30. Among the speakers were Dr. Edwin Novak, President of the Michigan State Board of Education and William Koehline, Dean of Instruction, Harrisburg Area Community College of Harrisburg, Pennsylvania. The main topic of the two-day conference was "Recognition of the Unique Identity and Function of the Two-Year College."

After participating in many small group meetings and talking with instructors from the thirteen states represented at the Midwest Conference, Mrs. Adams feels that the Alpena Community College is superior to many of the two-year colleges in the variety and number of English courses offered, and in its standards of achievement in the English Department.

Although it seems that it is a woman's world when it comes to fashions, it really isn't. Men do have a place in the world of fashion and men's wear designers have begun to show just how important it is for men to look stylish.

With the invasion of such fashions as the mini, midi and maxi skirts it just didn't seem fair to let females attract all the attention. So men's wear designers have introduced a new look in suits by replacing the button down shirt with turtle-neck sport shirts. Knit T-necks were a great success during the fall and winter months, but with the arrival of spring comes woven T-neck sport shirts.

Woven turtle-necks are available in various patterns, such as Scotch plaid and tartan plaid. T-necks are also available and very stylish in solid colors especially white.

Now men, don't you think it is about time that more eyes be cast on turtle-necks rather than mini skirts?

LIFE IS JUST A NO-RETURN BOTTLE

We live in a world of push button mechanisms, no return bottles, pre-cooked, instant and canned foods, disposable diapers and more payless working hours. Sure, some people have a rough life, when at times they don't know where their next dollar is coming from, but think of all the people who have it easy.

Have you ever stopped to consider what it would be like without television, radio, telephone, car, hot water, electric light, wristwatch, heat and newspaper? It seems ridiculous, or is it? What would you do if you were removed from all of these luxuries? Yes, they are luxuries when you stop to think that some people don't even know what a wrist watch is and probably never will.

Of course, you don't have to worry about such an absurd thought because you will never be deprived of such things, or do you? You can push a button and watch your favorite television show or dial a few uncomplicated numbers and talk to some friend or relative who just happens to live 3,000 miles away.

Oh yes, another thing, you can go to sleep tonight in a nice house while someone you don't know is sleeping in a mud trench or crouched in a rice paddy just to protect you. Of course, to stop and think about such things is rather bothersome, isn't it?

ELECTIONS TO BE HELD MAY 7 and 8

Petitions for Student Government offices may be obtained in the office and must be in by May 3. Elections will be held May 7 and 8.

A Forum will be held to introduce candidates and their platforms. It is the hope of present Student Government that a great deal of enthusiasm will be shown in this important event.

COLLEGE CONCERT IS COMING SOON

Alpena Community College's Collegiate Singers and the newly formed Twelve - Voice Madrigal Singers are preparing for their spring concert season. Mr. Torkelson stated that they will have a very busy schedule and that they will be singing selections representing choral literature from as early as the sixteenth century to the twentieth century.

The Collegiate Singers and the Twelve - Voice Madrigal Singers will be presenting a college concert on Thursday, May 9, at 8:00 p.m. in the Alpena Civic Auditorium. They will be singing for the Rotary Club on May 13 and for Catholic Central High School on May 16. Also, on their agenda is a tour of area high schools.

SANDWICH SALE IS A WORTHY PROJECT

On April second and third the student government of ACC sponsored a dagwood sandwich sale in Central Hall. The jumbo sandwiches contained all sorts of goodies and were sold for sixty cents. The goal of the project was to raise money to buy sound equipment for the Student Center.

The Student Government raised \$67.40 on the dagwood sale, and this money will go towards equipment that the students of ACC can use and enjoy.

Congratulations Student Government on a worthwhile project

LUMBERJACKS SPLIT TWIN BILL

I M VOLLEYBALL STARTS APRIL 1

Intramural volleyball teams turned in their rosters to Coach McPhillips the week of March 28. The teams will play six men and most teams will be carrying 8 to 12 men. Many are wondering if volleyball will be like intramural basketball, with one team taking all the honors. It still looks as if the teams are not stacked too much and there should be an interesting season.

One should note that the names for intramural teams have always been colorful and this year has been no different, with names such as Heptads, No. 7's. But, it looks as if the volleyball teams might out-do them with names such as multiple Aggression, and Mighty Sixtet.

LINKSMEN BOW IN EXHIBITION MATCH

Alpena Community College bowed to Alma in an exhibition match there. Alma, who is a small college champion, presented a respected show of might.

This was the Jack linksmen's first match of the season and it showed that the golf team certainly needed work on their game.

The golfers now will probably start for Alpena Community College will be captain Ken Parrish, John McComber, Phil Straley, and Bill Bennett. The fifth man for the team has yet to be determined.

With Ken Parrish, John McComber, and Phil Straley returning from last year's team, they should improve their 3-4 record of last season.

(Continued from Page One)

MOCK ELECTION

1964, each received one vote.

George Wallace, ex-Governor of Alabama who changed from the democratic party to the American Independent Party collected 29 votes, 10.3 percent of the total count. Two write-in candidates under the American Independent Party were Pat Paulson, an energetic comedian on the Smothers Brother's Show who received two votes, and H. Rap Brown, who received one vote.

These results will be sent to Census '68," a National Committee, in Washington D.C. and combined with results of primary elections conducted at other colleges throughout the nation.

A pat on the back should be given to the Young Republicans of A.C.C. for taking an interest and action in a worthwhile project.

SUPPORT THE JACKS

CUFF'S QUOTES:

By Larry Link

Lumberjack thirdsacker Tom Munro hit safely in his first four at-bats of the season.

Freshman Bill Bennett will be one of the front-line men on this year's golf team. Other mainstays include Ken Parrish, John McComber, and Phil Straley.

Denny Emerson, who won two varsity letters in tennis while here at ACC, is on the tennis squad at Adrian. Emerson plays on the No.2 doubles team.

Pitching in relief of Jim Fussee, in the second game of a double-header against Muskegon, Ron Leslie struck out all three of the batters he faced.

After the first two games of the season, the varsity baseball team had a team batting average of .327. Last year's varsity squad had only one regular player who batted higher than that.

PICNIC IS BEING PLANNED BY SOPHS

The annual Sophomore Class picnic is being planned for May 10, at Long Lake Park. The sophomore class promises it to be the best yet. This year's picnic will be at 1:00 p.m. with a baseball game. Games, including a scavenger hunt, an

apple eating contest, a tug of war, and an egg throwing contest will be played. Prizes will be awarded to winners.

Hot dogs, chips and soft drinks will be served. Music will be provided at a dance which is to be held at Besser Technical School at 8:30 p.m.

Behind the thundering bat of Tom Munro, and the fine pitching of southpaw hurler Bruce Vanderwall, ACC blanked Muskegon, to give Alpena its first win of the '68 baseball season.

Munro, a hard-hitting third baseman, powered a homerun, and lashed three singles in four at-bats, to pace the Lumberjacks hitting attack in the first game of the twinbill.

Vanderwall, an Alpena High alumni, literally mowed down the Muskegon hitters, fanning nine, and allowing only two bases on balls.

Munro's homer came in the second inning with one man aboard. Sharing hitting honors in the opener were: Greg Bridges, Mike Collins, and Dave Sparks each with two basehits, and Vanderwall, and Robare, who had a single apiece.

In the game, won by Muskegon 3-1, Fussee, a hard-throwing right-hander from Onaway, pitched the first four innings, allowing three runs. He was relieved by Ron Leslie in the fourth.

Hitting laurels for Alpena went to Jere Marciniak, Steve Kearly, Bridges, and Leslie, who had a basehit apiece.

In the double-header, batteries for Alpena were: (1st game) Vanderwall and McDaniel. (2nd game) Fussee, Leslie in the 4th and Kearly.

LETTERS TO THE EDITOR:

Dear Staff:

This year, as well as last year, the sports page seems to be selling the paper with its customary poor taste in editorials.

Last year, the sports editor was threatened with bodily harm for using the basketball team's mediocracy as a vehicle or means to create more interest in the paper. The more people groaned the more he liked it, because at least, people were reading his page.

The baseball team is the whipping-boy this year, but there is one striking dissimilarity. The editor has not talked to the coach nor has he seen the team play or practice. Even the muckraking done by the 66-67 editor seems mild in comparison to the garbage printed in its place this year. But in the journalism trade, you have to make them sit up and take notice, right boys?

If there is any similarity between editorials this year and last year, I know for a fact that the 66-67 editor is embarrassed and most regretful.

Jim O'Neil

1966-67 Sports Editor

LEANNE SMITH IS REPRESENTING ACC

Winner of the local Miss Michigan Junior College Pageant, Leanne Smith, will represent Alpena Community College in the state contest May 9 through 12, in Muskegan. The winner of the Miss Michigan Junior College contest wins a \$200 scholarship as well as the right to compete for Miss Michigan. Scholarships will also be awarded to the first runnerup and Miss Congeniality. The 16 girls who are competing will be kept extremely busy with rehearsals, luncheons, a parade, a Fraternity dance, and a

party after the Saturday night pageant, as well as the actual contest.

The contest consists of an interview with judges on Friday and the Saturday pageant in which each contestant will model a bathing suit and formal and present a three minute talent. Leanne will present a skit in which she will model clothes she has made. She is being coached by Mrs. Kenchtel and Mrs. Oles.

ACC wishes Leanne good luck.

FOREIGN STUDENT CONFERENCE HELD

At 5:30 p.m. on April 17, an Arab International Relations conference was held at the Alpena Community College student center. The purpose of this meeting was to discuss the various problems the foreign student might find in his studies, housing, adjusting to a new social environment, and future plans of the students after leaving ACC.

A representative from the University of Michigan offered suggestions and posed questions to be considered by the student that might help the student adopt to the standards of colleges in the United States.

Approximately twenty-three students attended this meeting, and participated in the discussion. They were asked if it would be practical that all first year foreign students be required to live in the dorm. Should an audit program be made available to foreign students?

These and other questions were asked to obtain suggestions and ideas from the students themselves about how the colleges could improve to facilitate this transition made by the student, and to help him attain the most from his college experiences.

A tea will be held for the parents of graduates from 1:00 to 3:00 May 31 at the ACC dormitory.

Fire Safety Tip

Matches should be kept out of reach of small children, says the American Insurance Association.

ALPENA ATTRACTS KUWAIT CITIZENS

The Kuwaitian culture is influenced by their religion, which is Muslim. They have two "feast holidays." The first one starts in mid January after the Muslims have fasted for thirty days. The second begins March 1, after the Muslims have prayed in "Meka," a religious mosque in Saudi, Arabia.

In Kuwait women do not have the right to vote or to enter the Kuwaitian parlement because some of the women were not formerly educated. Some old women still wear the "vail."

Houses in Kuwait are built very close to each other which allows for a better relationship in their society. For instance, the family that cooks its favorite dish will carry some of it to their neighbors.

Kuwait, one of the fourteen countries which make the Arabian nation, is located in North Eastern Arabian Peninsula on the Parisian Gulf.

According to Mohammad Al Ramhdan, it is "very hot" in Kuwait. The average summer temperature is 125 F in the shade, besides the dust and humidity. "Imagine how cold it seems for a person from that part of the world in 20 below zero weather."

UNITES HELD FOR DR. M.L. KING

Memorial services were held for Martin Luther King April 9, from 10:45 - 11:05 a.m. at ACC by Rev. Runkel.

Contributions for the Martin Luther King memorial fund were taken on campus to show support of the community for Dr. King. A total of \$155.80 was sent to the S.C.L.C. (Southern Christians Leadership Conference) headquarters in Atlanta, Georgia.
