

FLASH

ALPENA (ACC), Recent press reports show a general decline of all major student organizations here. It would appear that the general population (students) is not interested in campus society. Intensive efforts (tsk, tsk) have proved futile and the list of deceased and dying organizations continues to grow.

Are you interested in playing Volleyball, Basketball, Table Tennis or maybe Weight Lifting? Then take a look at the bulletin boards in Van Lare Hall. Posted is a schedule of recreational activities that are available to the students in Alpena and surrounding areas.

Alpena High School will be open nightly from 6:30 to 9:30 PM and weekends from 1 to 5 PM. Take advantage of this worthwhile opportunity.

Did you experience the original Pink Floyd? If you did you probably won't want to miss another as it equals if not betters the original. What is a Pink Floyd you ask?

It is a light show at the planetarium, put on by that magnificent man Gene Janneman. While music by the rock group Pink Floyd is played, flashing, colored, neon lights blink before your eyes and then you are plunged into total darkness. As the music slowly starts again a condle of light flickers then stars slowly moving, and on and on it goes When the show is over you realize that it was truly an experience and then you wonder, "What a rush it would have been if I'd only had a few puffs before I came."

Phi Sigma Beta Concludes Pledging

As has been the tradition since the inception of Phi Sigma Beta at ACC, the spring pledge program has been concluded.

The various activities completed by the pledges include such things as: a trip to Mackinaw, painting the fraternity rock at Rock Port, a community service project, and many hours of labor by each individual pledge.

Pledging was completed on the infamous night refered to as "Hell Night", which all pledges must attend.

The newly initiated brothers are: Mick Kreis, Bashar Nahawi, Steve Hostottle, Hal Bigelow, and Mohammed Sadegi.

As a social fraternity the spirit of pledging is to instill into the pledges a spirit of scholarship, sociability, and most important brotherhood.

In conclusion all of the brothers of Phi Sigma Beta would like to offer their thanks to the men who helped to make the spring pledge program a successful one:

Mr. Frank McCourt our advisor who offered many worthwhile suggestions and spent much time to make the fraternity a success.

Mr. Charles Newmann our first advisor and one of the prime motivating factors in the success and building of the fraternity.

Mr. Mike Carter our newest advisor whom we would like to thank for the highly palatable and nutritious stew used to help the pledges through "Hell Night" and for services and facilities rendered at the student center.

Mr. Ted Smith as the representative of the Sportsmans Club for use of the vacilities at Island Park.

ALPENA COMMUNITY COLLEGE

ENROLLMENT REPORT Spring 1971 - 72 2/4/72

CLASSIFICATION	GRAND TOTAL			ACADEMIC			BUSINESS			VOCATIONAL-TECHNICAL		
	Total	Men	Women	Total	Men	Women	Total	Men	Women	Total	Men	Women
Full Time	709	506	203	339	187	152	112	67	45	258	252	6
Freshmen	453	316	137	211	114	97	68	31	37	174	171	3
Sophomore	256	190	66	128	73	55	44	36	8	84	81	3
Part Time	555	419	136	188	83	105	64	48	16	303	288	15
HEAD COUNT	1264	925	339	527	270	257	176	115	61	561	540	21

Looking at the above enrollment report shows some rather interesting facts. Of course the first thing I noticed was the Men-Women ratio. 925 to 339. That means that there are 2.7 boys for every girl at ACC. It would seem that a technical career is just not the thing for the average girl. Only 6 full time students in the whole program. With 256 boys that means there are 42.66 boys for every girl or if you want to put into more easily understood figures there are .0234 girls for every boy.

With these facts in mind we present this tribute to the MAN power of ACC.

Student Poll Taken

This survey was given to a number of students last week. It should be self-explanatory.

STUDENT SERVICES EVALUATION SURVEY

Please answer to the best of your ability, CIRCLE ONLY ONE ANSWER. USE THE FOLLOWING RATING SCALE AS A BASIS FOR YOUR ANSWERS (Keep in mind the physical environment of Alpena Community College).

- 1 - Bad, Terrible, Non-Existent
- 2 - Poor, Unsatisfactory, Below Average
- 3 - Average, Adequate, Satisfactory
- 4 - Good, Well Done, Above Average
- 5 - Excellent, Very Good
- 0 - Don't Know
