

# Board and Presidents Council Hold First Meeting

On Tuesday January 4, 1977, the Presidents Council met with Alpena's Board of Education in room 450 of the Natural Resource Center for a dinner meeting.

The Presidents Council consists of a chairperson or representative from all the committees, boards and clubs currently active at A.C.C. It used this opportunity to inform the Board of the activities being planned at the college and also to air its complaints.

Following a delicious dinner, catered by Kentucky Fried Chicken, Dean Souden gave everyone a brief history lesson of A.C.C.'s governance structure. Souden also described the functions of each board and committee and how many members they had.

The discussion was then opened to the floor and the students started off by expressing their displeasure over the improper snow removal of the new parking lot. Roxanne Sterling next gave the board a report on the Student Senate's involve-

ment in setting up the Consortium 8 conference.

Jim Clements followed, discussing the students participation in the college's upcoming "Birthday Party" and gave everyone a rundown of all the activities that will be going on throughout February. It is the month the charter for A.C.C. was officially signed (1952).

During the evening various other topics were discussed, either to the whole group or in small groups. Some of those were: the problems of EARTH magazine, board-student communications, instructor absenteeism, gym usage for the college and A.C.C.'s possibility of adding more 3 and 1 programs.

Upon adjouring, the general consensus of the two groups was that they now had a better understanding of each other in the overall college picture. Many stated that they were looking forward to the next meeting of the school board and presidents council which will be held in the spring.

Dear Student Senate:

## LET'S TAKE A GOOD LOOK AT EACH OTHER...

We know a young man just out of school has more on his mind than just a job these days. He's concerned about his world. He's looking at the future.

And he's looking for a way to do something about it.

We're looking at the future, too. In fact we're dedicated to it. And we're looking for people who feel the same way.

You see, there's more to the Air Force than good pay and guaranteed skill training. There's also the satisfaction of doing something worthwhile and important.

But that's something you'll have to decide for yourself. It's easy to get the facts and there's no obligation. The attached coupon will get you the name and address of your nearest Air Force Recruiter.

Go ahead... Take a good close look at us. We'll look you over, too...
