Student Lockers Possible

by Julianne Michaels

There have been rumors circulating campus concerning wall lockers for student convenience, but according to Dean of Students John McCormack, the rumor may not become fact for some time.

The locker rumor originated as a suggestion in a Student Senate meeting. Senate member Matt Parcels polled ACC students every day for a week via the "Splinter".

The questionnaire response suggested that students favored the locker proposal.

Although there is no funding available to purchase lockers at the present time, Dean McCormack is attempting to locate old, yet usable lockers from the Alpena Public School system. If obtainable, these lockers would be recycled to serve as a pilot project.
