

# LUMBERJACKS

## Start New Baseball Season

The "old ball game" will soon be underway for the 1972 Lumberjack Base-team as they make the move 2000 miles south for an April first opening. The trip should prove how well the players perform as a team. Because of our out of season weather the only type of practice available is inside, which doesn't do justice for a trying young man. It's hard to say how the boys will do as a team, but they appear the best ability wise, individually, out of the three years of coaching at ACC," stated Coach Miles.

The team will be housed and fed by two schools during their trip, Bryan College in Dayton, Tenn., and Covenant College in Chattanooga, Tenn.

As far as starting players are concerned, there aren't any as yet. The boys will get a chance to test their ability and all of them will play. Most of the games are double headers and they will also have to do some traveling to play all of the games. The team should be tired when they get back April 8.

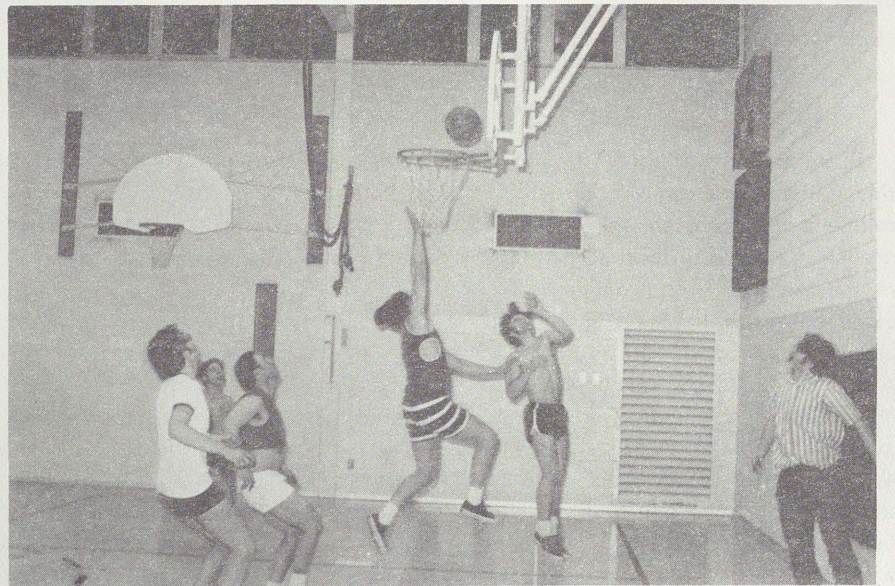

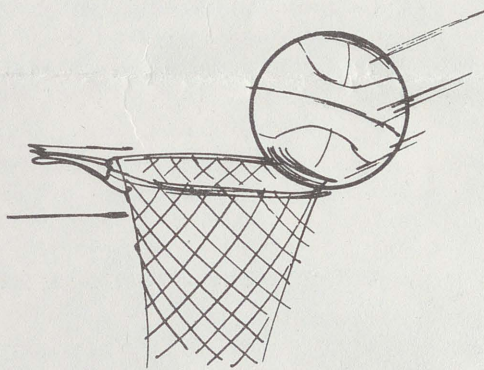

The team is quite young. One returning sophomore, Scott Thatcher, and thirteen freshmen with three other sophomores will be performing. Ken Hilinski, a former ballplayer and presently a student teacher from CMU has volunteered his assistance to Coach Miles. Miles feels the team is well developed defensively. There are six pitchers and if the hitting is good we will have a winning team.

ACC is a member of the Central Division of the Michigan Junior College Athletic Association which includes St. Clair, Genessee, Macomb, and Orchard Ridge. It has proven to be the toughest baseball division of the Midwest. Two years ago St. Clair was third in the nation and last year Genessee was second in the nation. We should be quite proud to be a part of such high standings.

The team will play four home games at the end of the season. All games will be played at the County Fair Grounds during the day at 2:00. See you there!

The name of the game was hustle as the 3-North team went down 34-16 to the Hustlers for the women's championship.

Budweiser defeated 2-South II, 57-26 for the men's basketball championship.

Paul Smith, (above right) is winner of the chess tournament recently held at Wilson Dorm
