Instead of the usual 3 or 4 years, you sign up with us for just 2 years. It's not 2 years on a take-it or leave-it basis either. You get a choice. You can choose your job-training. (The list is a long one, so look it over carefully. We think you'll agree that most of these jobs are the kind you can bring back with you to civilian life.) Or, you can choose to serve in Europe. (You'll work hard, but it can also be one of the most rewarding experiences you'll ever have.)

Either way you won't come away empty-handed after two years. Along with our new 2-year enlistment, today's Army is announcing a new salary. \$326.10 a month, before deductions. With a raise to \$363.30 in just four months. Those enlistees with 30 semester hours and more are enlisted at higher pay grades. Those enlistees who have two or more years experience or training in a skill are enlisted in a higher pay grade (E-3) with the opportunity for accelerated promotions within just two months after basic training. Of course, you'll get all our other benefits. Meals and housing are provided. Medical and dental care are free. Plus, a 30-day paid vacation every year. If you haven't talked to an Army Representative about our new 2-year enlistment, it may pay to look him up in the Yellow pages. He's listed under "Recruiting."
