Intramural Review

Intramurals are going strong at ACC. Since the beginning of the year, teams have competed in first football, then volleyball.

Capturing championships in each were; LaCoche's, who defeated The Losers 40-14 for the football championship, and the

Bay's, who won two out of three games against the Maulies to capture the Volleyball championship.

Currently, bowling and basketball are in progress for intramurals. Leading the pack in basketball are the Zippers and Strictly Business, both tied with 8-1 records. Championship play will be March 21 and 22 and include the top four teams.

Sports still to come include a softball tournament to be held in May. But the big sport of the year comes next. Teams can pick up rosters now in VLH 100 to gather their teams and prepare for the viscous competition to be found in Floor Hockey. Competition will be stiff for the coveted Miles Cup.

"This year has been one of the best years in a while, we've had good participation, although a few classes and activities had to be cancelled ." according to Dick Miles, Intramural Director.

By Mike Rhea

THE ARMY CAN HELP YOU GET A \$25,200 EDGE ON COLLEGE.

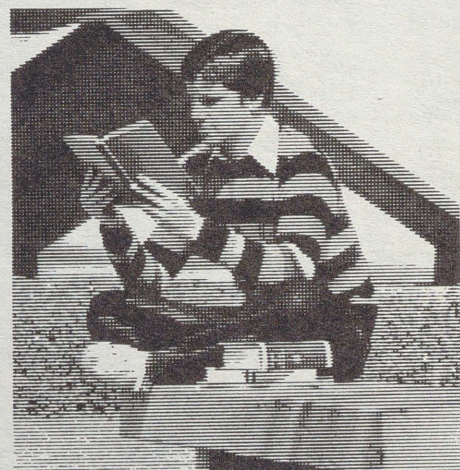

The Army can help you get an edge on life and earn up to \$25,200 for college through the Montgomery GI Bill Plus the Army College Fund.

Here's how it works. You contribute \$100 a month for the first year from your \$630-plus monthly starting salary. The government then contributes its share, \$9,600 from the Montgomery GI Bill plus \$14,400 from the Army College Fund for a four-year enlistment.

Army opportunities get better every day. If

you qualify, you could train in one of over 250 challenging and rewarding high-tech skills in fields like avionics and electronics, satellites and microwave communications, computer and radar operations—just to name a few.

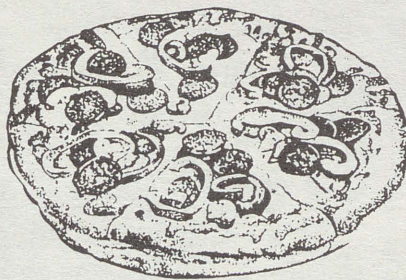

It makes sense to earn while you learn. For more information about getting money for college, contact your Army Recruiter today.
