ASSET placement test shows where to start

An important thing to know when you are beginning college is how well prepared you are academically for the work ahead. You don't want to spend time or money taking courses that are either too easy or too difficult.

That's why we use the Assessment of Skills for Successful Entry and Transfer — ASSET for short — to find out where you need to start.

Invest two hours in your success by taking this *FREE* assessment. Results show whether your reading, language usage and numerical skills are strong enough for college level course work. If not, refresher or developmental courses at The Learning Center may be appropriate.

Our academic policy requires that you must complete the ASSET if:

- you are taking an English or mathematics course at Alpena Community College for the first time; or
- you are a first time student enrolling in nine or more credit hours, or
- you have no high school diploma or GED.

We recommend that all first time students take advantage of this assessment tool.

Testing time: Two to three hours; please bring a No. 2 pencil and arrive 15 minutes before the starting time listed below for the ASSET most convenient for you in Alpena or Oscoda.

Questions?: Alpena Campus: (517) 356-9021 Ext. 229
Huron Shores Campus: (517) 739-1445 Ext. 444
Toll Free: 1-888-468-6222

There is no cost to you for this assessment.
