# ACC accounting, business, medical assistant programs earn accreditation

The Association of Collegiate Business Schools and Programs course, is accredited by the North (ACBSP) has accredited Alpena Central Association of Colleges and Community College for its associate Schools. In addition, programs that in applied science degree programs in prepare students for highly skilled accounting and small business management, and the associate in national groups like ACBSP and CAAHEP applied science program for medical assistant has been approved by the Council for Accreditation of Allied Health Education Programs (CAAHEP).

Alpena Community College, of careers can also be accredited by if they meet specialized standards.

This status assures students and employers of an added measure of instructional quality.

# Do you qualify for assistance to attend Alpena Community College?

## Laid off indefinitely? Unemployed? Low income?

The Michigan Jobs Commission Job Training Partnership Act (JTPA) program is now accepting applications for program services, including funding for job skills training or certificate, associate's or bachelor's degree programs for which there is job demand in the labor market. If you qualify, JTPA can provide financial assistance for tuition and/or other related costs to attend ACC.
