The house on Belleville's John Street; heating stoves became increasingly functional and ornate in the nineteenth century.

areas — the early cedar beams beneath the house had rotted, creating a middle-aged sag in the centre section.

Perhaps the spirits are still there, as they were when otherwise sensible people such as lawyer Andrew Buell, Delia and even

Susannah Moodie conversed with the dead at seances. It was a fad which did not quickly disappear. Years later Prime Minister William Lyon Mackenzie King continually communicated with his nearest and dearest in the spirit world. Delia and her father would have found that perfectly reasonable.
