

Scott Alexander, a lab technician at Durabla, prepares to apply a pressure test to a strip of gasket material.

pg 2

It was a milestone for Belleville's Durabla plant as it officially celebrated earning the coveted status of International Standards Organization 9001 Monday. Dick Deegan, general manager of the plant, said the designation should have an impact on the plant's network of international markets. From left are Deegan, Bonnie Fiedorec, Ken Reynolds and Gary Henry.
