

Halla Climate Control

At Halla Climate Control, a collegial, team approach to the corporate structure has helped the Belleville company become a leader in automotive air-conditioning and heating components.

Intelligencer, Nov. 31, 1996

About the cover...

The main photograph on the cover of Challenges (reproduced above) features Halla employee Thomas Bopp inspecting a bridge joint after it has come off an automated line. The photo was taken by Intelligencer photographer Frank O'Connor.
