

Approximately 25 to 30 permanent workers and numerous summer employees who return year after year, operate the ultra modern production equipment. Many of the adult staff (both factory and office) have long records of service. Mothers and daughters and in some cases, three generations of the same family are on staff.

For over 30 years Hawkins CHEEZIES have been represented by Stuart House, one of the larger Food Brokers in Canada. Stuart House operates nation-wide and gets maximum sales returns as shown on the graph above. Sales of Hawkins CHEEZIES have shown a consistent upward growth due to the efforts of our Food Broker and the insistence of Canadians for pure and nutritious snack foods without preservatives.
