

WOODLAND CLEANERS

cleaning plant has been expanded several times to accommodate the many changes in business, Clarke said. We have had two different additions to the dry cleaning area, 3 coin operated car wash bays were added to the Farley Ave. side of the building in 1971 and 3 more were added in 1976.

In 1981 Woodland opened it's second Belleville location at the corner of Sidney

and in total we employ about 60 people full and part time. All of the dry cleaning is done right here in Belleville. "I have good people here that do quality work and in this business that's what is required to survive. We went through a few tough months getting organized after the Kingston purchase but things are running smoothly now.

We are very busy which makes me hap-

I have plans to expand on our Sidney Street location as well but at the present they are still on the back burner.

Our future plans include another expansion to the Dundas°Farley location, and further development on Sidney Street. We also plan to computerize all of our stores in order that we can expediate the coming and checking in our clothes through computers.
