

Dafoe, Ann

**Mother's Day has extra significance here**

Tomorrow is Mother's Day, an occasion when mothers are honored for their devotion to the welfare of their families. Probably one of the most deserving moms is

Ann Dafoe (centre) who has been a "mother" to more than 100 foster children over the last 10 years. With her natural children Jason

(right) and Wendy (left) she looks after four foster youngsters simultaneously. Many of them are children with special needs.
