

LaBarge's display

Christmas bells are ringing on Stokes Street, where Mike LaBarge's annual Yuletide display is ready for viewing. Motorists can get to Stokes Street by taking Station Street to the Lions Club headquarters. Stokes runs south off Station and drivers can use the adjacent Brewer's Retail lot as a convenient spot to turn around.

Mike LaBarge doesn't have his own herd of pet reindeer but once night falls and the Christmas lights are on, the wooden display in his front yard looks

pretty life-like. The reindeer and sleigh are the new centerpiece of LaBarge's Christmas display at his home on Stokes Street. LaBarge spent much of his sum-

mer creating several new additions to the display.
