Television, VCR, stand donated

Seven-year-old Katrina Derouchie is another child who has benefited from the work done at Sick Children's Hospital in Toronto. The Belleville youth had successful heart surgery last August. To demonstrate their thanks, dad Brian (far right) and co-workers at M&W Pack-

aging worked overtime and donated cash to buy a TV, VCR and stand for the cardiac unit at the hospital. With Katrina are (from left) Harry Thomson, Rob Murphy, Dale Lazier and Rob Leitch.
