### Recognized

Guy B. Hughes, Tweed Village representative on the Moira River Conservation Authority, presented a pen and pencil set to Mrs. Clarence Graham, last Monday, in recognition of her late husband's contribution to the Authority during the 16 years he served as a member of the board of directors. The base of the desk set is made from marble taken from the Actinolite area quarry on the property once owned by Mr. Graham, and later owned by the Moira River Conservation Authority. While making the presentation, Mr. Hughes recalled the countless hours of volunteer work the late Mr. Graham had done to further the interests of the village of Tweed, the county of Hastings and the authority. Mrs. Graham thanked the authority and all who were associated with the presentation of the gift.
