

McKenna, Marjorie  
Holland, Nellie Jean

### Tables turned

For many years, Marjorie (Mom) McKenna (left) and her daughter, Nellie Jean Holland, have supervised preparation and serving of meals for the Kiwanis Club of Belleville at the organization's Tuesday luncheons. Tuesday, the club formally recognized their contribution following their retirement, seating them as head table guests and presenting them with an engraved, silver tray. Club

president Ev. Dixon, does the honors by serving the women their lunch, a turnabout from normal. Marjorie, in a speech of thanks, recalled many pleasant gatherings in the Kiwanis Hall and some unusual antics, including a group of visiting Kiwanians from the United States who brought a goat along with them, which jumped up on the table and helped itself to the salad.
