Gordon G. Leggat's letter on this page on the late Nellie Merry is a fitting tribute to one who spent 34 years on the staff of Belleville Collegiate.

Even those who went through the system in later years, or were not acquainted with her personally, knew of her reputation and her unique qualities of

mind and spirit.

Miss Merry's extraordinary teaching acumen went before her, while those who had personal experience of her in the classroom knew her as one born to teach.

Nellie Merry, in short, was a legend in Quinte educational circles.
