### Top Knight

Mike Papper's efforts as chairman of the church activities committee helped earn him Knight of the Year honors from Belleville's Knights of Columbus. A special committee chose the retired Northern Telecom employee from the Knights' more than 200 members. Papper is also a past advocate to the Knights council and has been church activities chairman for two years. During that time he's organized retreats, breakfasts and other activities. Papper has been a Knight for the past four years.
