

Greeted By Family On His Return

Relatives were present at the station Friday evening to welcome the arrival of F.-O. Jas. O'Loughlin who has served two-and-a-half years overseas.

Jim went overseas in Feb. 1943 and completed his tour of operational flying, taking part in most of the big raids over Germany. He then served one year as instructor. His signing up for the Pacific facilitated his early return to Canada.

A most enjoyable social evening was spent at his former home in West Ops which consisted of dancing, singing and lunch. All join in wishing Jim the very best in the years ahead.
