

Flgt. Lt. Carl Wilson is D. F. M. Winner

Nov 13/43

*Proves Himself a Courageous and
Determined Captain.*

Carl Wilson of Lindsay has proved to be a thorn in the flesh to the Nazis.

He started his operational career during the battle of the Rhur. During one of his bombing expeditions his bomber was hit but he went right through and completed his job. He was on another expedition in August of this year attacking Nuremberg when his plane was again hit and the rear turret put out of commission. He continued on nevertheless and again completed his job successfully, proving himself a courageous and determined captain.
