

FORD MOYNES

ON THE MAIN STREET

When it comes to mentioning a good sporting town and good sportsmen, Little Britain takes the cake. Comparisons are at time odious but Little Britain has much to crow about. The village has a ball park which is one of the best east of Toronto. It is a park which can be used day or night because the playing field is well lighted. Old and young folk alike enjoy this park with it's back grove of trees, it's bleachers be-

hind the screen and its serviceable curling and hockey arena.

This arena has been packed with 1700 fans in one night this past winter. Ice for curling and hockey is good and the brine pipes are imbedded in concrete.

The arena proudly boasts an ice shaver and ice hot water sprinkler, hauled by a small tractor. This machine is similar to the one used in the Toronto Gardens and in other big rinks. The shaver works between periods in every hockey game, shaving the ice.

The Little Britain Intermediate "C" Flyers are seeking the Ontario championship this week. The Flyers have eliminated Port Perry, Cobourg, Trenton and Beaton and now battling with Port Elgin.

More power to the elbows of the Flyers.
