ronto, would bear favorable comparison with those of the Exhibition of the Royal Agricultural Society of England. His Excellency has been highly gratified with the cordial reception he met with, both in Canada and while sojourning in the provinces of Illinois.

RETRENCHMENT. Mr. HOWLAND, the new Finance Minister, has already shown what can be accomplished when energy and ability are applied by Government in the reduction of expenditure.

The deficiency of the current year was estimated by Mr. Gait, his predecessor, at \$4,000,000, but that by the adoption of certain new measures the deficiency would be reduced to \$4,000,000, which is itself enormous. With the assistance of the Premier, the Commissioner of Crown Lands and other members of the Government, he has been enabled to make a reduction of \$2,000,000, by adopting new revenue measures, and by deferring and reducing the enormous system of expenditure which was being carried out.

To meet the deficiency of \$2,000,000, an entirely new system is to be adopted, which, if found thoroughly practicable, will be of incalculable benefit to the Province. Hitherto, whenever money was required to cover financial deficiencies, application was made to England, and the money being easily obtained it led to a recklessness of expenditure, which has had a demoralizing effect on the whole community. By the returns of the various banking institutions, it is ascertained that the deposits on which interest is paid amount to \$9,000,000, and to employ this capital the Finance Minister proposes to issue Provincial Notes, payable with interest one year after date. Such a scheme, besides relieving the present difficulty, would be of extraordinary benefit to the Province, as by the former method large sums were paid yearly to capitalists in England, which will now be retained in the Province. We have no doubt the capitalists in Canada will readily take up the notes, and show the Government that its reliance on them has not been misplaced. This scheme will render the Province so far independent of foreign capital, and will furnish a safe and remunerative investment for all the spare capital of the people whom it will benefit.

COUNTRY SHOW.—During the week, arrangements have been made at the Market Square, under the superintendence of the energetic Secretary of the Agricultural Society, for the reception of live stock, cereals and vegetables to be exhibited this day. The ground has been enclosed, and a temporary building has been attached to the Town-hall for exhibiting farm produce. The Town-hall has been suitably arranged for the display of manufactures and ladies' work. We hope the day may continue propitious, and that the Show will rival all its predecessors.

ELDON BRANCH AGRICULTURAL SHOW.—Under the auspices of the Agricultural Society of Eldon, their first Annual Show will be held at Woodville on Wednesday the 22nd inst. We trust the farmers of the township will appreciate the energy of the directors of this Society by attending, and displaying their stock and produce to the best advantage.

MARIPOSA SHOW.—The Agricultural Show of the Township of Mariposa was held at Oakwood on Tuesday last. The day, though threatening rain in the morning, continued favorable throughout. The Show, taken in all its parts, has been considered as the most successful ever held in this County. The cattle show was a decided improvement on last year's. There were a great number of spectators present, who seemed highly gratified with the proceedings of the day.

THE NEW CEMETERY.—We have been requested to state that the ground for the new cemetery is now open for interments. The third reading of the By-law prohibiting any further use of the old graveyard on the hill overlooking the town, was passed at the last meeting of the Town Council, and consequently the Protestant public will be obliged to have recourse to the immediate occupation of the new one, which is prettily situated on the slope of the hill between Brock street and the concession line forming the boundary of the Corporation, separated from the town by the Scugog, but commanding an extensive prospect. It will be convenient for visitors, but sufficiently retired to permit the sorrowing heart to indulge its grief without being subjected to any curious gaze, as there is no thoroughfare in that direction. The ground is divided in trust for the public in five parts: the Rev. Wm. Johnson, the Rev. John Vickers, and Messrs. David Brown, Lawrence Moore, and George Matthews. A plan of the place has been made out by Orville Brady, Esq., C.E., and the trustees are ready and anxious to dispose of lots, and deed them to parties making application for burial purposes, and who are desirous of getting the walks, etc., tastefully ornamented. The money arising out of sales, with the exception of a small sum to an assistant secretary for keeping the accounts and attending on purchasers, will be expended on keeping the grounds in proper order. All the information required may be obtained on application to the trustees, and all money orders made payable to the treasurer, the Rev. John Vickers.

MOVEMENTS OF THE GOVERNOR GENERAL. After having passed through the principal cities and towns of Upper Canada, and visited the prairies of the far West, the Governor General, with his family and suite, arrived in Quebec on Monday last. At no season of the year could Lord Monck have had a better opportunity for forming a favorable opinion of the greatness of Upper Canada; and having visited Toronto during the Provincial Exhibition, he saw the agricultural resources of the Province concentrated in one place. In various places he has expressed his opinion that the cattle and cereals exhibited in the Provincial Fair in To-

CANADA. The customs for the port of Montreal show an increase of \$54,392 for the month of August, and a deficiency of \$170,931 for the first months of this year.

ACTIVE CANADIAN COTTON.—This really case) cotton will grow in Canada. We last week showed a very fair sample of cotton in the pod, by the Rev. Dean Kirwan. He stated that it had been raised in Serbia without the aid of the hot-house, and had been pronounced of good quality by Mr. Thompson of Austerlitz. This may be the means of opening the eyes of farmers and others as to the real value of Canadian soil.—Saratia Canadian.

ADVISED.—The Lindsay Advertiser is annoyed that he expressed an opinion favorable to Mr. Neil McDougall, one of the candidates for the shrievalty of Victoria. Instead of bolstering up Mr. Dundas, and encouraging him to ask an office at the hands of his political opponents, it would be much more seemly for the Advertiser to persuade his friend to withdraw his name from the contest, if he must have an office. In that way, the member for Victoria would be left untrammelled to pursue his peculiar "independent" course.—Port Hope Guide.

ROBBERY AT THE BANK OF MONTREAL.—The Montreal Gazette of Friday says: "We learned last night from a gentleman just arrived from Ottawa, that on Wednesday night the building occupied by the Ottawa branch of the Bank of Montreal was broken into, and that the contents of one of the safes, containing a very large sum in specie and paper money were carried away. This is one of the most daring robberies ever committed in Ottawa, and is the property, up to the departure of the express on Monday yesterday morning, had not been discovered."

CROWN LANDS DEPARTMENT.—It will gratify the friends of the Ministry, and all who are interested in the welfare of the country, to learn that the revenue this year from the Crown Lands Department will be \$100,000 over last year's and a prosperous year that was. In addition to this we have to state that the expenditure for the current year will be \$100,000 considerably reduced. The Hon. Mr. McDougall is indefatigable in performing the duties of his responsible office, and spares neither time nor pains to bring the business to a speedy and satisfactory conclusion.—London News.

BARBARIY BY A MOTHER.—At the Preston Police Court, recently, Margaret Marshall, was charged with the following barbarous crime: A week before she came home in a state of intoxication, and while no one was in the kitchen but a little boy, she took up her female infant, about two years old, and deliberately threw it on to the kitchen fire. She then left the house. The lad who witnessed the inhuman act, alarmed the children, and they ran to the kitchen and snatched the infant from the flames, but before the little creature had been most severely burned on the lower part of his body.

A GAIETY "SOLDIER BOY."—The Montreal Witness says: "At a late hour last night, constable Fitzgerald, of the City Police, was called upon by a gentleman residing in the vicinity of Beaver Hall, who had formed the impression that there were robbers in his possession. The man, according to the constable, seemed to his clothes, and both made different search. No robbers were found secreted anywhere, but a soldier of the Grenadier Guards was discovered in the apartment allotted to the servant girl. The gentleman asked the soldier how he had obtained admittance at that unseasonable hour, and the soldier replied that he had asked him in. The soldier was then permitted to leave, the gentleman declining to have him arrested. It is to be hoped that the publication of this case will have the effect of putting housekeepers on their guard."

A TERRIBLE MISTAKE.—A terrible mistake was made in Ashfield, on the 26th, by a man named Pinkerton, whereby a boy named Robert McLeod, aged 12, was killed. The boy was carrying a basket of apples to school, and was passing through a narrow lane, when he was struck by a horse-drawn carriage. The driver, who was named Dunder, did not see the boy, and the horse, which was named Dunder, struck him full in the face, and he was killed on the spot. The driver, who was named Dunder, was fined £5 for not having the carriage properly guarded.

AN EXTRAORDINARY AFFAIR.—The Post Hope Messenger says: "An inquiry was held by Coroner Maxwell, of Port Hope, on view of the body of Sarah Henderson, late wife of W. Henderson, of the township of Clarke, on the 27th day of September, by adjournment to the 29th and 30th days of September. From the strong suspicion formed in the public mind, and at the institution of Henderson's own friends, it became necessary to have the body exhumed, after it had been interred nearly thirteen months. The investigation has resulted in finding Henderson's body, and the coroner has given a verdict of 'accidental death.'"

THE PALACE ON THE ST. LAWRENCE.—Mr. Edouard Hessel, a Berlin Architect, who was employed for a number of years at the Petersburg and Moscow Railway, and constructed many of the fine palace of the St. Petersburg, proposes constructing an imposing palace on the river opposite the city near the bridge, if he can meet with sufficient capital to purchase the site. The building will be 40 feet high, 144 feet long and 56 feet deep, constructed much in the same style as the Court House, but with this addition, that it will be surrounded by a colonnade and topped with a dome, all with the exception of the windows and doors to be built in the end of the building. The rooms will include a large ball-room, ladies' and gentlemen's rooms, halls, etc., will be all heated by stoves, and warranted to be perfectly adapted to the erection of such buildings. He may well do so. And that the palace would be built in three or four weeks at a cost of about \$5,000. This sum he proposes to raise in subscriptions of \$10, which will entitle the shareholders to have exclusive control of the building. A building of this nature would attract large numbers of visitors to the city. The hotel-keepers and other interested parties would, therefore, do well to look upon the scheme with favour.—Montreal Herald.

ACTION FOR ASSAULT.—At the Kingston Assizes on Monday, Dr. John Stewart, of the Argus, brought an action against Col. John Cameron, for assault. The *Waig* says: "The damages were laid at \$1,000. The evidence of the assault is as follows:—James J. Whitehead, who was in company with Colonel Cameron, stated that Col. Cameron accosted the plaintiff in the market on the day alleged, and asked Dr. Stewart who had a bundle of papers under his arm, to give him an *Argus*. Dr. Stewart refused to do so. Col. Cameron then asked Dr. S. to sell him an *Argus*, which Dr. S. again refused, and said 'I am not the *Argus* boy, and you are no gentleman.' Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col. Cameron requested Dr. Stewart to repeat what he had said, but witness, who had gone into Mr. Ford's store, did not hear the reply, but supposed from the action of Dr. Stewart's lips, seen through the window, that he did repeat it, when Col. Cameron struck Dr. Stewart a severe blow on the right cheek, which swelled up to about the size of a goose's egg. Col.
