The Canadian Post. LINDSAY, O.W. THURSDAY, NOV. 13, 1862.

THE AMERICAN WAR.

Since the Confederate campaign in Maryland, and their retreat across the Potomac, the belligerents have done nothing which can materially affect the issues of the war, unless some importance be attached to the gradual retreat of Gen. Lee's army to Richmond, where he will probably go into winter quarters.

Without any reason assigned, Gen. McClellan has been removed from his command of the Virginia army, and Gen. Burnside has been appointed in his place.

Donors & Brothers.—We have pleasure in directing attention to Budge & Brother's advertisement in another page.

DISEASES OF THE EYE AND EAR.—By reference to our advertising columns it will be seen that Dr. E. H. Cameron, of the Toronto Eye and Ear Infirmary, intends visiting Lindsay on the 24th instant, to remain at Hastings Hotel for one week, up to Saturday the 29th.

OPERATIONS OF THE EYE AND EAR.—We last week inserted a short notice of an operation performed by Dr. Cameron, of the Toronto Eye and Ear Infirmary, on the eye of Mr. W. Stevens, of this village; the operation was for cross-eyes.

past history of this war, there has been nothing learned from which we may infer that the Federal forces are superior to the Southern in any of the qualities which presage victory.

It is difficult to predict what may be the effect of President Lincoln's Proclamation. It may to a certain extent encourage the slaves, and thereby embarrass the Southern people; but, supposing that the Federal army does not penetrate further into Southern territory, it is not probable that it will occasion a general uprising of the colored people.

The British Government has, during the whole war, conducted itself with great dignity in all its relations with the contending parties.

Notions of liberty to Ham's race have been kindled here. Liberty is centering and proceeding from one end of the nation to the other—prancing, indeed, like a wild unbroken colt, bearing her unshod hoofs to pieces on rough ground, now no roads as yet have been made, without his rein or curb and with a crowd of self-confident "notables" of bad riders, fancying that they could vault upon her back without saddle or stirrup, and each thinking that the eyes of the whole universe are upon him, and that he is, himself, of great consequence to effect a great and glorious revolution!

Dr. Cameron, the celebrated Oculist, who was on a short visit to Dunville, showed great skill in operating on the ear of Mr. Frank Latimer, of Stormont.

SHOOTING OF A ROBBER ON THE BELVIDERE ROAD. Considerable excitement was caused in town, yesterday and Sunday, owing to the shooting of a thief (since recognized as Michael Kelly, a deserter from the 6th Regiment) while stealing fowls from the stable of Mr. Ross of the Custom House, residing on the Belvidere Road.

AN "ELEVATOR" IS PROPOSED AT QUEBEC, FOR TRANSPORTING PASSENGERS AND VEHICLES FROM THE LOWER TO THE UPPER TOWN.

At Pickering's a boy, two years ago a young man named Edith Brown, was engaged during a fit of rage caused by drink, seized and violently put out her tongue and cut off a considerable portion.

RETRIBUTION.—The Quebec Mercury says: "The Commissioner of Public Works is not behind in the work of retribution. Acting upon his recommendation, the Government have decided that the officers employed in the inspection of railways may be dispensed with, and that the best as well as the superior, be performed by some officer residing at the head office."

THE CORONER'S JURY.—Quebec Mercury. "A justifiable homicide."—Quebec Mercury.

Fort Monroe, Nov. 4.—The Richmond Dispatch of Nov. 1st says the recent movements of our forces indicate the entire evacuation of Northern Virginia, or that these moves were made in reference to the reported advance of McClellan through Loudon county.

From all we can gather, we are satisfied that a general advance of the enemy's forces is not anticipated, and that our Government, which desires such a movement on the part of McClellan, will be disappointed for the present.

New York, Nov. 5.—The full returns of this city show a total majority for Seymour of over 31,000. The Tribune concedes Seymour's election.

New York, Nov. 6.—The Times says:—A despatch of the gravest importance, and which may effect a change in the whole aspect of the war, was today submitted by the French Legation to the Secretary of State. Gen. Halleck expresses the belief that a foreign war, necessitating a levy en masse of our whole population, would not be an evil without large compensations. He expresses the belief that the North has not yet begun to develop its possible resources.
