TRANSACTIONS. TO THE EDITOR OF THE CANADIAN POST.

Sin,—If anything can arouse the Ratepayers of Lindsay from the state of profound lethargy in which they have so long slumbered, and open their eyes to the grossly iniquitous prodings which have been, and are being per-rated in our midst, surely a perusal of the minutes of the last meeting of our Town Council is calculated to produce such a result, and inspire an inflexible resolution to use greater discrimination for the future in the choice of men to represent them at the Council board,

the ratepayers.

In the first place then, they have a good opportunity afforded them of teaching those who aspire to municipal honors that any act of injustice or omission of duty, will be visited by the unmistakeable displeasure of their con-situents; and in the second place of encour-aging men, anxious to do their duty, to pursue a course of unwavering rectitude, by appreciat-ing the labours of those who fearlessly expose

THE ESCAPE OF PRISONERS FROM LINDSAY GAOL

Ms. EDITOR,—As Mr. Nugent has seen fit vindicate his character through the channels the Press in reference to the cause of his of the Press in reference to the cause of his dismissal from the Governorship of the Gaol of this County, and has unblushingly endeavored to cast the onus or responsibility of his own misconduct upon my shoulders, I beg you will allow me space in your columns to place before the public my statements in reference to the matter, and leave an unprejudiced public to draw their own inference as to whose door the blame shall be placed. I would not, perhaps, have noticed the effusion of this gentleman if he had put forth his statements and left the public to judge between us, but instead of doing this he impudently asserts—and I suppose expects that they will be taken for granted to be true—that I am the sole and only one to blame, and upon my shoulders rests the responsibility of the escape of the prisoners, and the consequent dismissal of the worthy Governor.

I will confine myself to that portion of his letter which alludes to myself. In the first place, he states "that the Sheriff sent me a man for a turnkey who is entirely unfit for the business, in fact one whose habits render him unfit for any responsible position." I wish Mr. N. had been a little more specific, and as to make me unworthy of the position; but as he has failed to give these important particulars, I take it that he is unable to do so, as he is not the man to keep back any charge or charges against me when they would be of any avail to him could he do so. Perhaps I may be allowed to surmise in what way I was unfit. Was it not because I was unfit for the responsible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (Mr. N.) had any sible position so long as he (M was it not because I was unnt for the responsible position so long as he (Mr. N.) had any personal or selfish motives in view?
