THE RESCTORS OF THE EAST WARD, LINDSAY.

GENTLEMEN,—An anonymous communication having appeared in the last issue of the Advocate in which I am prominently brought before yo charged with endeavouring to influence the assessor in the discharge of his duties in the spring of 1802, I deem it my duty to address you in reference to the matter.

I am charged with creating sectarian stril at the election of 1802, and with wanting the to increase their numbers, and further, that he should underrate the property of Protestants and make a diminution in their number, in order that my election in future would be se-

In reply, I have to say, that an examination of the poll-book made at the election of Jan. 862 will show that I did not receive a sectarian vote on that occasion. The poll-book is to be found in the Town Clerk's office, and I am proud to believe that I still possess the confiall creeds in the ward. I am not aware of any sectarian cry being raised in the ward on that occasion, and if it was, it was done by parties who had experience in the business, and those of you who have been in Lindsay for the last six or seven years can tell who they are.

And now as to the matters of assessment, have to say they are pure fabrications and I flatly dony them. The writer of the article in question says that "they are on the most undoubted authority " and "that they can be attested under oath." Now, by all means let the writer give us his name, his undoubted authority and his affidavit, then we will see who those parties are, and the object they have in view, and you will be the better judges as to your line of conduct in the coming election. These people take a great interest in your welfare, and you should certainly know your benefactors.

The writer says that I was accused in open Conneil and that I did not deny, &c. If my memory serves me, the subject under consideration on the occasion referred to was the Collector's roll of 1861–1842, and you are all and an adventure they are professionally and all other painful and dangeous diseases incident to the femare constitution. It moderates all excesses and removes all obstructions, from whatever cause, and a speedy cure may be relied on.

To Married Lactics

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

CAUTION.

These Pils should not be taken by females that are pregnant, during the FIRST THREE MONTHS; as they are sure to bring on Miscarriage; but at every other time, and in every other onse, they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteries, Sick Headache, Whites, and some painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases occasioned by a disarder of the first painful diseases

tion on the occasion referred to was the Collector's roll of 1861-1862, and you are all aware of my action on that matter, and I am yet to learn that I inve not given you satisfaction. When this clearge was made, it was necessary to raise a side issue, the smoke of which was to open a safe retreat for the officer in question. I saw the object in view, and was not to be driven from my position, at the same time knowing that the Council had no power in the matter. Now is the time, you have the authority, and I conet the caquicy.

I am, gentlemen,
Your Obedt. Servant,

W. H. DEANE.

OUTHAGE ON GENERAL TOM THUMB -- A re-

OFTRAGE ON GREERAL TOM THUMB.—A recent attempt was made in Chicago to rob the Goneral of his jewels, of which he has a large and costly collection, the burglars broke into the dressing room attached to where he was performing, and ramsacked every thing they could lay their hands on, and among the articles stolen was a lot of the "The Canadian Pain Destroyer," with which the General had supplied himself for the curs of coughs, colds, oramps in the stomach, lame back and sides, &c. Sold hy all medicine dealers at 20 cts. per bettle.

DEATHS OF TWO LADIES!—They were both olderly women, worthy women, lived a life of purity and worth. Commend us to all that's good and useful as we do Bryan's Pulmonic Wafers, which do so much good in curing colds, coughs, hearseness, sore throat, etc. Only 25 cents a box. Sold by all medicine dealers. They are fine articles for clearing the voice of Speakers, singers, etc.

The Canadian Pain Destroyer has now been before the Public for a length of time, and whorever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction, where the Directions have been properly followed, but on the contrary all are delighted with its operations, and speak in the highest terms of its Virgos and Magical effects.

We speak from experience in this matter, having tested it thoroughly, and therefore these who are suffering from any of the complaints for which it is recommended may depend upon it being a Soveles for clearing the voice of Speakers, singers, etc.
