Now Advertisements. Settlement—Brouha & Gibson. Carpet for Sale. Great Land Sale—James Wallis. Notes Lost—Sidney Stevens. Notice to Debtors—Wm. Leeb. Money to Loan—Lacours & Dornier.

LAW RESPECTING NEWSPAPERS.

- 1. Subscribers who do not give express notice to the contrary, are considered as wishing to continue their subscriptions. 2. If subscribers wish the discontinuance of their Periodicals, the Publisher may send them until arrears are paid, and subscribers are responsible for all the numbers sent. 3. If subscribers neglect or refuse to take their Periodicals from the office to which they are directed, they are held responsible until they have settled their bill, and ordered their Periodicals to be discontinued. 4. If subscribers remove to other places without informing the Publisher, and their Periodicals are sent to the former directions they are responsible.

We wish our readers in the several villages of the County of Victoria would send us their aid in making our paper a medium of general intelligence. In almost every neighborhood something of interest occurs worthy of a place in the local columns of a County paper, and we would feel much obliged to have such incidents forwarded to us by our readers. Will our friends assist us in this way, and help us to make the Post the paper of the County?

All Transient Advertisements must be paid in advance. A liberal discount made on all contracts for extended periods.

We wish it to be distinctly understood that we will discontinue no paper unless all arrears are paid up. No subscriptions received or payments taken for a less period than three months.

The Canadian Post. LINDSAY, C.W., Thursday, 21st January 1864.

TO ADVERTISERS—THE WINTER TRADE.

The Post has the largest and most influential circulation of any newspaper in the County of Victoria. There is, as those who have tried it know, no advertising medium in the county so cheap, because there is none so profitable to the advertiser. The paper circulates among professional men, merchants, farmers, and the industrial classes generally of the county, and is carefully read by the wives and daughters of the community. He who makes his business known cannot fail to do so to his own great advantage.

The agitation in Europe is increasing and extending, and all caused by the struggles of different nationalities to regain what is called their autonomy—that is, an independent self-existence. The struggles of Poland to this end have been frequent and severe, the last being almost crushed, though with great difficulty and at great cost. Germany, in seeking to rescue two German provinces from Denmark, is threatening Europe with war. A fresh attempt to regain national life is said to be making in Hungary, stirred up by Kossuth; and there is fresh agitation in Italy under the leadership of Garibaldi, to liberate Venetia from the Austrian yoke.

The House of Representatives at Washington have resolved, by a vote of eighty-eight to twenty-four, that any proposition or negotiation with the rebels ought to be rejected without hesitation or delay.

A Bill has been introduced into the New York legislature for the construction of a ship-canal around Niagara Falls on the United States side. It is under the charge of Gen. Stewart, an engineer who has been making surveys of the locality and is now preparing details.

The N.Y. World says—the quota of Vermont is reported full, but the volunteers are mostly "blue noses," from over the border. Much as the Canadians profess to dislike the Yankees, they have a weakness for greenbacks, and the high bounties were too much for their loyalty to the English crown. It is known that there are more Canadians in our armies than there are deserters and "skeddaddlers" from the draft in Canada.

THE PORT HOPE DINNER. We learn that the Opposition dinner arranged to come off to-night at Port Hope has been postponed till after the election in South Leeds. The leading Upper Canada members

of the party are now or soon will be in that riding, and the work in which they are engaged will prevent their attendance at Port Hope for a couple of weeks.—Leader.

Commenting on the above, the Times says—It is evident that the Port Hope people believe that if a man will not work neither shall he eat. Acting upon this rule, they have refused the Opposition leaders their dinner until by hard work in South Leeds they have fairly earned it. It is cruel to act so, but at the same time it exhibits a considerable amount of shrewdness. The gentlemen who have refused a dinner to which they had been invited, will now work all the harder in anticipation of the feed they will receive at the close of their labors. The Port Hope philosophers know that hunger makes a man savage, and we may expect that the perambulating members of Parliament, thus robbed of their grub, will be as savage in their stump oratory as the most bitter Tory can wish.

On our fourth page will be found an article—"Prosperous Times Coming"—reprinted from the Globe, which prognosticates that trade for the next three years will be brisk—and then the crash will come. This kind of soothsaying seems to us about as profitable as foretelling the weather. The Civil War may last long enough yet, and until it is over Canada cannot altogether recover from her depression.

SCHOOL TRUSTEES' QUALIFICATION—We regret that the statement we published in the Post of the 7th inst., to the effect that the qualification required by School Trustees was the same as required by Councilors—viz: £40 a year rental or £20 freehold—was incorrect. We copied the statement from the Peterboro' Review, and as that paper virtually substantiated it in a subsequent issue, we were led unwittingly into the belief that the Review's statement was correct. We repeat, that we of course regret the inaccuracy.

ERRATUM.—In last week's Post, owing to a blunder of the compositor, an error occurred in the article "To those Fond of a Bargain." The last sentence of the first paragraph should have read thus—"By offering certain goods at one-third their market value—of which they only show samples, and whatever is agreed to be taken the hawkers say they will send in a week or so—people are induced to give money for what meretricious articles they carry with them,—fading afterwards that they have been 'sold.'"

THE NEW YORK TRIBUNE ALMANAC.—This almanac, published at 15 cents, contains a vast deal of information, and extends to 88 pages. In the same space, we are certain to work contain a more valuable amount of matter relative to the United States. It is a useful handbook of reference, and is compiled by J. F. Cleveland. Its statistical contents—such as Wholesale Prices in New York for seventeen years; Cost of the Government for Four Years; Army, Navy, and Public Debt; A Birdseye View of the growth of the Rebellion; Finances of the Rebels; Enormous Prices in Richmond; State, Territorial, &c., Election Returns, &c. &c.—are interesting to every one who takes any interest at all in the United States and the Civil War.

THE CANADA FARMER.—We have received the first number of this new agricultural journal. Judging from its appearance and contents, it promises to become—what it aims to be—a first class agricultural paper. The publisher, Mr. George Brown, has purchased from the Provincial Board of Agriculture the copyright and goodwill of the Canadian Agriculturist, which by this arrangement is now merged in the new journal. The services of the most experienced and talented Canadian writers on Agriculture, Horticulture, Chemistry, Veterinary sciences, and also on Live Stock, have been secured for the Farmer. The writers are Mr. W. F. Clarke, of Guelph; Dr. Croft, Professor of Chemistry, University College; Mr. Buckland, Professor of Agriculture, Toronto University; Mr. Bendis of St. Catharines; Professor Smith, &c. &c. We recommend those who do not read an agricultural journal, to try the Farmer, as few will read its pages without benefit. It contains, besides numerous articles on the Dairy, Poultry, Sheep Husbandry, Live Stock, the Household, Flax and Grass Culture, &c., the markets of the chief cities of the Province. It is to be published fortnightly at \$1 a year. (Publisher: George Brown, Toronto. Messrs. Knowlson & Gregory are appointed agents to receive subscriptions in Lindsay.)

COUNTY COUNCIL.—The first meeting of the new County Council will be held next Tuesday, at noon, in the Council Chamber, Court-house, Lindsay. The first business will be to elect a Warden for 1864.

LOCAL NEWS.

LINDSAY BRIDGE.—With reference to the telegraph message, on the resolution of the Town Council, sent to the Chief Commissioner of Public Works, to get Lindsay Bridge opened, the Mayor yesterday (Wednesday) morning, received the following telegraphic reply:—"Superintendent reports bridge is not completed. It cannot be received from the contractor before it is finished."

The Lindsay Branch of the Bank of Upper Canada was closed on the 9th inst., and the business transferred to Port Hope. As we before announced, the Branch of the Ontario Bank was opened here in the premises lately occupied by the U. C. Bank on Monday, 11th December.

SELLING LIQUOR CONTRARY TO BY-LAW.—On Tuesday morning, at the Town Hall, at 10 o'clock, the case of several parties selling liquor contrary to By-law was disposed of before the Mayor, James H. Hopkins, Esq., J.P., and W. H. Deane, Esq., J.P. The information was at the instance of the License Inspector. The defendants Isaac Reynolds and Jeremiah McCarthy were fined in \$4.00 and 96 cents each.

HAWKING WITHOUT A LICENSE.—Thomas Wilson, Abraham Wilson and Charles Parkins were on Monday fined \$3 each and costs, by the Lindsay magistrates, for peddling goods without a license.

POSTPONEMENT.—We believe that the inspection of the Lindsay Company of Volunteers—which was to have taken place to-morrow (Friday) evening, in the Town Hall—is postponed till next Wednesday evening. This, we understand, is owing to the inspecting-officer, Lieut-Colonel Mountain, having recently had to attend a court-martial in Toronto.

EPISCOPAL CHURCH SOCIETY.—We are informed that the annual meeting of this society will be held in the Episcopal Church, Lindsay, on Friday evening, 22nd inst., at seven o'clock. The Rev. Dr. Fuller, and several other clergymen, will be present.

OPENING OF ST. ANDREW'S CHURCH (REV. Wm. JOHNSON'S).—This church—the cornerstone of which was laid in September last—will, we understand, be opened on the last Sabbath of this month (the 31st inst.). It is expected that the Rev. Alexander Matheson, D.D., of Montreal, and the Rev. John McMurphy of Eldon (who will preach in Gaelic) will officiate in the morning at 11 o'clock;—at 3 o'clock, the Rev. David Watson, M.A., of Toronto, will preach;—and at half-past 6 o'clock evening, the Rev. Professor Mowat, M.A., Kingston, will occupy the pulpit. It is expected there will be a very large attendance, and the public generally are invited to attend. The church is of white brick, has an arched door, is surmounted with a bell-tower, and, externally, has a very substantial appearance. It is seated for 400, and the pews are roomy and comfortable.

MISSIONARY MEETING.—The district annual missionary meeting of the Presbytery of Toronto, in connection with the Church of Scotland, was held in the Rev. Mr. Johnson's Church, on Wednesday evening, at half-past six. The Rev. Wm. Johnson occupied the chair. A deputation from the Presbytery, consisting of the Rev. Mr. Cameron of Port Hope, and Mr. Sheriff McDougall, gave information respecting the missionary operations of the Presbytery. There was a good attendance, and a ladies' organization was formed to collect subscriptions for missionary purposes.—The deputation was instructed by the Presbytery to perform the duties of Presbyterial visitation in the charges they visit, with reference to the manner in which they respond to the claims of the various schemes of the Church upon their attention and liberality, and discharge their liabilities to the Synod and Presbytery funds, and to report to the meeting of Presbytery in February.

APPROX OF A SKATING RINK.—We announced last week that it was proposed to form a skating rink in Lindsay. As an encouragement to lady-skaters—married and single—we give the following humorous paragraph from a contemporary.—Up to within the last two or three years, skating was viewed as a peculiarly masculine accomplishment, and for a woman to indulge in it would be looked upon as monstrous. In a day, with awful celerity, the old order of things passed away, and man could no longer claim the art as distinctive. Now, it is doubtful whether the number of lady-skaters does not preponderate over that of the opposite sex. Young ladies and old ladies, married ladies and single ladies, tall ladies and short ladies, stout ladies and thin ladies, good looking ladies and not so good looking ladies, may be seen thronging the rinks and crowding on to ice wherever it can be found. They laugh at the cold, despise frost bites, endure tumbles with cool nonchalance, and rather envy sprained ankles than otherwise.

GREAT LAND SALE.—It will be observed from an advertisement that 5000 acres of land will be sold by public auction, at Jewett's Hotel, Lindsay, on Tuesday next, at noon. Worthy the attention of agriculturists, farmers, lumbermen and others. (See advertisement.)

CHEAP HARDWARE.—J. H. Keefe, jr., having sold out his stock of hardware, the purchaser offers great bargains for the next three weeks, to clear off the whole stock.

HEAVY SNOWSTORM—DELAY OF THE MAIL. On Tuesday we were visited with a heavy snowstorm. The wind blew strong from the north-west, and in many places the snow-drift was four to six feet deep. This is the heaviest fall of snow we have had this winter. For the time, all travelling was stopped, and the cars which left Port Hope at three o'clock on Tuesday, after proceeding with difficulty for about a mile, had to put back; consequently there was no mail that evening. Next morning (Wednesday) the train left Port Hope at eight o'clock and reached Lindsay about one. On the arrival of the usual train in the evening at 6.40, a train proceeded to Port Hope, but without carrying any mail, as such an arrangement would not have facilitated it. No mail—letters or newspapers—arrived from Toronto on Wednesday evening, from which we infer that the storm has been general—at least to the west.

WEDNESDAY—the blast being over—was a clear, pleasant day, but owing to the depth of snow travelling was greatly retarded.

OPENING OF THE NEW CHURCH AT CAMBRAY.

On Sabbath last the new Presbyterian Church at Cambray was opened by the Rev. Dr. Burns of Toronto, who preached forenoon and afternoon. Both discourses of the venerable preacher were appropriate and well chosen. His text in the forenoon was Psalm xc. vs. 16 and 17—"Let Thy work appear upon Thy servants, and Thy glory unto their children. And let the beauty of the Lord our God be upon us; and establish Thou the work of our hands upon us; yea, the work of our hands establish thou it." In the afternoon he chose 2 Thess. i. v. 10—"When he shall come to be glorified in his saints, and to be admired in all them that believe (because our testimony among you was believed) in that day." The aged minister delivered two of the most impressive sermons that have ever been listened to in Fenelon. He spoke with an eloquence and power that arrested the attention of all hearers, who seemed to hang upon his lips as the words fell from them fraught with the blessed truths of the Gospel.

The day was mild and sleighing good, and the church was crowded in every part, many in the forenoon not being able to obtain admittance. There were between four and five hundred persons present.

The Rev. Mr. Patterson, who opened the afternoon service, said that the congregation had great cause for thankfulness that they had such an auspicious opening.

Rev. Mr. McFarish of Woodville preached in the evening to a good congregation. At the three o'clock a considerable collection was taken up in aid of the debt on the new church, which is a commodious frame building.

Dr. Burns, we believe, is upwards of ninety years of age, yet his voice is but little, if at all impaired, and he is in the full vigor and exercise of his mental faculties.

A soiree was held in the church on Monday evening, at which the gentlemen we previously announced took part.

WESLEYAN METHODIST MISSIONARY SOCIETY.

We learn that the anniversaries of this society will be held in the first week of February. Lindsay, Monday, Feb. 1, at 7 o'clock. Eldon, Tuesday, " 2, " Oakwood, Wednesday, " 3, " Taber, Thursday, " 4, " Davidson's, Friday, " 5, " Addresses will be delivered at the above meetings by Revs. A. Hardie, Wm. Sheridan and J. C. Slater. We may also intimate that sermons will be preached on Sunday, Jan. 31, at the usual hour, and on Monday, Jan. 31, at the usual hour, by Rev. J. C. Slater. Orange Hall, Oakwood, " W. Sheridan, and Eden, " T. Adams, B.A. Taber and Davidson, " T. Adams, B.A.

MEETING OF THE LINDSAY SCHOOL TRUSTEES.

A general meeting of this Board was held on the 7th of Jan.—Present—Rev. Mr. Vicars, Rev. Mr. Johnson, Rev. Mr. Philip, Messrs. Hopkins, Wood, O'Brien, and Thirkell. TEACHERS TO SEND IN THEIR CERTIFICATES. The following resolution was moved by Mr. Hopkins, seconded by Mr. Thirkell—"That all the teachers send in their certificates to the Chairman, in order that the Board may examine the same at their next meeting."—Carried. No other business of importance was transacted.

THE LAND TAX SALE.

The Sheriff's sale of lands for taxes took place at the Court-house on Wednesday. There were about forty competitors, and a good sale was effected. A chief inducement to speculate in tax-lots is the 10 per cent. which the purchaser is entitled to at the end of the year on his investment—for many of the lands are then redeemed; and to those acquainted with land, there is a chance of making good bargains. Farming lands in the townships sold well, and in some cases were run down to small portions of the lots offered; nearly all of the lots of lots were disposed of. There was little disposition to invest in town lots (being mostly all undrained lands) and this class remained nearly all unsold.

LINDSAY TOWN COUNCIL.

According to statute, the first meeting of the new Town Council was held on Monday at noon, in the Town Hall—His Worship the Mayor (McDonnell) presiding, and the members all present, viz.—Messrs. Bell, Browne, Deane, Doherty, Dunsford, Grace, Heap, Lenihan, and Roche. Before proceeding to the business of the meeting, the Mayor said he hoped their duties would be approached in no dictatorial spirit. As far as these duties were concerned, it would afford him much pleasure to work along with them as far as it was practicable.

ELECTION OF REVEE AND DEPUTY-REVEE.

Mr. DUNSFORD moved that Mr. William Deane be elected reeve. Mr. DOHERTY seconded the nomination. There was no other proposed, and Mr. Deane was accordingly declared reeve of Lindsay.

Mr. DEANE thanked the Council for the honor conferred.

Mr. LENIHAN moved that Mr. Browne be deputy-reeve. Mr. L. said he hoped our County Council would take up the question of roads, and he thought it advisable that the reeve and deputy-reeve should advocate this question.

Mr. GRACE seconded Mr. Browne's nomination. Mr. Browne was then declared deputy-reeve and thanked the Council for the honor.

APPOINTMENT OF AUDITORS.

Mr. J. D. Smith and Mr. S. C. Wood were appointed auditors for the past year.

THE LATE MR. P. HUGHES.

Mr. LENIHAN, in proposing the following resolution, (which was seconded by Mr. Browne), said his honor would best speak for itself:—"That we avail ourselves of this the earliest opportunity to mark our appreciation of the merits of our departed friend, the late P. McHugh, Esq. The many valuable services rendered this town while Lindsay and Ops formed one municipality, as also during the several years he has so worthily represented this township in the Council of the United Counties of Peterboro' and Victoria,—the continued and lively interest taken by him in effecting the separation of our County from Peterboro', and the establishing of Lindsay as the county town,—together with the zeal and ability with which he assisted in the completion of our fine county buildings,—and his many excellent qualities of head and heart, cause us deeply to regret his loss. We therefore consider it our duty to pay this tribute to his memory: And the clerk of this municipality is hereby instructed to transmit a copy of this resolution to Mrs. McHugh, and at the same time to express our deep sympathy and condolence with her and her family on their bereavement."

The Mayor said a few words relative to the high character of Mr. McHugh, remarking that he had been a credit to the township.

The resolution was passed unanimously.

LINDSAY BRIDGE.

Mr. LENIHAN stated that this bridge had been completed for some time, and was still useless

for travel, owing to the Government not having taken the whole of the contractor's hands. He thought steps should be taken to get the bridge opened as soon as possible, as it would be a great public convenience.

Some conversation followed, during which it was stated, that were the contractor to open the bridge without its having first been examined by a government engineer, he (the contractor) would not be indemnified for any damage that might thereby accrue from the thoroughfare. The following resolution was passed:—"Moved by Mr. DEANE and seconded by Mr. DUNSFORD—That the Mayor be authorized to communicate with the Chief Commissioner of Public Works (by telegraph or otherwise) setting forth that the bridge across the Scogog in this town is completed, and should be opened for public travel as early as possible."

The Mayor, at the conclusion of the business, expressed the hope that the members of Council would be regular and punctual in their attendance at the meetings.

[The next meeting will be held on Monday evening, Feb. 1, at seven o'clock.]

OPS TOWNSHIP COUNCIL.

MONDAY, JAN. 18. This Council met on Monday, at noon. Present—Messrs. John Connolly, James Pyne, Patrick Duch, James Farrell, and Isaac W. Reid. The Township Clerk (Mr. O'Leary) presided. The Councilors having taken and subscribed their declarations of qualification of office. It was moved by Mr. REEVE, seconded by Mr. DUCH, that Mr. James Farrell be reeve for the current year.—Carried. [Mr. PYNE moved that Mr. Connolly be reeve, but the motion was not seconded.] Moved by Mr. FARRELL, seconded by Mr. REID, that Mr. Patrick Duch be deputy-reeve.—Carried. The reeve and deputy-reeve then took and subscribed the necessary declarations of office. Mr. Connolly tendered his resignation as Councilor.

It was moved by Mr. PYNE, seconded by Mr. DUCH, that Mr. Connolly's resignation be accepted.—Carried. Moved by Mr. PYNE, seconded by Mr. REID, that the License Inspector be notified that he must call on every tavern-keeper who has not taken his license, to warn them that unless they get them before the 6th day of Feb. next, they will be immediately prosecuted.—Carried. The Council adjourned until the first Saturday in February.

In consequence of Mr. Connolly's resignation, the Reeve the same day issued a warrant to the returning officer for the election of a councillor for Ward No. 1. The election will accordingly take place next Monday and Tuesday. We believe that as Mr. Connolly has resigned, Mr. Wiggins has withdrawn the suit he raised against him to contest the seat.

MARIPOSA.

TEACHERS' ASSOCIATION.—We understand that the next meeting of the Oakwood Teachers' Association will be held in the Grammar School room, Oakwood, on Saturday the 6th February, at one o'clock, p.m. Teachers, or persons who intend to become teachers, are respectfully requested to attend.

TOWNSHIP COUNCIL. This Council met on Monday—Members present—Messrs. Hodgson, Whitesides, Cameron, Davison and Gordon. Mr. J. Hodgson was elected Reeve, and Mr. A. Gordon, Deputy-reeve.

The following officers were appointed for the present year:—Mr. J. Kelly of Little Britain, and Mr. W. Bateman of Oakwood, as Auditors; Mr. James Mark, senr., Assessor; Mr. John Hay, Collector; Mr. David King, Inspector of Taverns. The Reeve was requested to give his order on the Treasurer for the following amounts:—G. Brown, \$1, for attending the prosecution of Statute labor delinquents; A. Savanac, \$1 50, for work done on 9th line; W. King, \$4, for service as Poll Clerk at Town Meeting; H. Copeland, \$1, for attending the prosecution of Statute labor delinquents; Mr. LaCourse, \$20, for By-law, Deed, &c. &c.; T. Beall, \$7 50, Local Superintendent, to purchase School Manuals for S. Sections in the Township. The Council adjourned to the fourth Monday in February next.

MANVERS.

BETHEL CHURCH (SHANNON'S NEIGHBORHOOD).—The anniversary sermon was preached here last Sunday afternoon by the Rev. T. Adams, B.A. The discourse was excellent, and there was a good attendance. On Monday afternoon, a tea-meeting was held. There were several clergymen present—whose names were announced last week—and a very interesting meeting there was. About 150 persons were present at the tea-meeting. Mr. Gregory, baker and confectioner, William-street, Lindsay, supplied the tea, cakes, &c. in a style which seemed amply to please everybody—for all apparently enjoyed themselves.

THE SHERIFF'S SALARY.—We understand the Government contemplate a very material change in the manner of remunerating the Sheriff. Heretofore, besides his salary, he has been allowed to deposit wherever he pleases such money as may remain in his hands, and for which he is responsible. Of course he received the interest on these deposits, while the unfortunate prisoners are not only kept out of their money pending litigation on oppositions, and so forth, but are deprived of the produce, while costs are constantly going on. In this way an estate may be eaten up, while lying in the hands of the Sheriff. While individuals are liable to reproach on account of this system, it is none the less certain that it is in every way a bad one. We have reason to believe that the Government will take an early opportunity of remedying it by legislation, so as to enable suitors having money to produce, while costs are constantly going on. In this way an estate may be eaten up, while lying in the hands of the Sheriff. While individuals are liable to reproach on account of this system, it is none the less certain that it is in every way a bad one. We have reason to believe that the Government will take an early opportunity of remedying it by legislation, so as to enable suitors having money to produce, while costs are constantly going on. We have reason to believe that the Government will take an early opportunity of remedying it by legislation, so as to enable suitors having money to produce, while costs are constantly going on. In this way an estate may be eaten up, while lying in the hands of the Sheriff. While individuals are liable to reproach on account of this system, it is none the less certain that it is in every way a bad one. We have reason to believe that the Government will take an early opportunity of remedying it by legislation, so as to enable suitors having money to produce, while costs are constantly going on. In this way an estate may be eaten up, while lying in the hands of the Sheriff.
