Seek's Post, from Mr. Hopkins, very properly suggesting that the Merchants and others of Lindsey should take a greater interest in our limits of their contributing to their managed, are very useful institutions, d to promote a spirit of rivalry farmers, which conduces to the geneprosperity of the County, and I have little abt that the people of Lindsay will do their towards making them more useful than y have hitherto been from want of funds.

It is only a short time since that \$100 was sed in a very short time in Lindsay to re

I would suggest to Mr. Hopkins, and all others who feel interested in the improvement of our county, that good Roads are very essential to the success and prosperity of Agriculturists; and I therefore hope that a strong influence will be brought to bear upon our County Council respecting this important subject.

DESTINE REMOVAL OF THE

COLLECTOR'S ROLL.

TO THE EDITOR OF THE CANADIAN POST.

Sta,—It is the prevailing opinion that dering the past year the ratepayers of the town have been swindled out of a large sum of monor. It is a notorious fact that a public document has been stolen out of the Town Clerk's office, for the purpose of shielding a public fraud. The Collector's roll was no doubt abstracted for this infamous purpose. And the stracted for this purpose in the stracte

affair, then, be thoroughly sifted, and if the guilty cannot be punished, let some attempt be made to recover the money of which the ratepayers have been so shamefully defrauded.

I am, Sir, Truly yours, SCRUTATOR.

25th Jan. 1864. P.S.,-Since writing the above I have learned that our Town Council have not forgotten this business and will attend to it at an early day.

PROSPECTUS TWELFTH VOLUME

The "Atlantic Monthly.

The July Number commences the Twelfth Volume of the Atlantic Monthly, and will contain such a list of contents as will entitle it to marked consideration. Nathaniel Hawthorne contributes for consideration. Nathaniel Hawthorne contributes for the first number of the new volume "Outside glimpses of English Poverty," one of the most interesting of his admirable English Sketches. Oliver Wendell Holmes has written for it "The Doings of a Sun-Beam." Robert Dale Owen discusses "The Claims of Labor or Service," and presents some new views for the study of the people of America. Gail Hamilton continues her popular "Gala-Days." Professor Agassiz offers another eloquent paper on Mountains. And many other articles, of equal value with the above, will be included in the forth-coming number.

coming number.

Begun in 1857, the Atlantic Monthly has now reached its sixty-eighth number. Its circulation, increasing largely from the start, has given it such a currency throughout the country as no other American magasine has ever acquired. Its faith in impartial Liberty as a principle, and its warfare against Despotism in every form, have made it a welcome visitor, far and wide, every month. It does not abate, in these our days of trial and buttle, one jot of that firm belief in the brighter days to come which Right and Justice are sure always to win, but its future pages will show an increased activity in placing before the minds of the people an unfaltering confidence in the power of the North to limit the existence of a rebellion founded in cruel injustice and oppression.

The prosperity of the Atlantic enables its con-netors to employ the most eminent talent of the country in its columns. All the best known writers

James Russell Lowell,
Henry W. Longfellow,
Louis Agassia,
Ralph Waldo Emerson,
Nathaniel Hawthorne,
C. C. Hazewell,
T. W. Higginson,
