GREAT - IMPROVEMENTS IN Sewing Machines

EMPIRE SHUTTLE MACHINE Patented February 14th, 1860. Salesroom, 536 Broadway, New York.

This Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be simplicity and perfection com-

The following are the principal objections urged against Sewing Machines:— 1. Excessive labor to the operator. 2. Liability to get out of order.

3. Expense, trouble, and loss of time in re-

4. Incapacity to sew every description of The Empire Sewing Machine is Exempt

from all these objections. It has a straight needle, perpendicular action, makes the LOCK or SHUTTLE STITCH which will NEITHER RIP nor RAVEL, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nansook Muslin, with cotton, linen, or silk thread, from the coarsest to the finest

Having neither CAM nor COG-WHEEL and the least possible friction, it runs as smooth

Emphatically a Noiseless Machine! It requires FIFTY PER CENT. less power to drive it than any other Machine in market. A girl of twelve years of age can work it steadily without fatigue or injury to health.

Its strength and wonderful simplicity of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVALED MACHINE. But in a more special manner do we solicit the patronage of
