KILLED BY LIGHTNING.—During the storm that visited Elgin on Tuesday night, 20th inst. Miss Eliza Ford, daughter of Mr. John Ford, of Aldborough, was instantly killed. She and two other girls—her sister and a Miss Robinson—were sitting beside the fire, the electric fluid entered by the side of the chimney, and part struck the unfortunate young lady on the head, causing instant death, and slightly injuring her companions.

Not Quite So.—It is among the most savage and debased tribes only that the condition and comfort of the horse have been neglected. It is among the most civilized countries who are guilty of the same neglect, and without the excuse of the former; here all may avail themselves of the use of an article which has done more than anything else heretofore known to improve the condition and relieve the suffering of the horse.

GREAT IMPROVEMENTS IN Sewing Machines

EMPIRE SHUTTLE MACHINE

Patented February 14th, 1859. Salesroom, 536 Broadway, New York.

This Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be simplicity and perfection combined.

The following are the principal objections urged against Sewing Machines:— 1. Excessive labor to the operator. 2. Inability to sew on coarse or thick materials. 3. Expensive, troublesome, and loss of time in repairing. 4. Incapacity to sew every description of material. 5. Disagreeable noise while in operation.

The Empire Sewing Machine is Exempt from all these objections. It has a most peculiar and singular action, making a LOCK or SHUTTLE STITCH which will NOT RIP OR RAVEL, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Cotton Muslin, with cotton, linen, or silk thread, from the coarsest to the finest number.

Having the CAM non COG-WHEEL, and the best of the fabric, it runs as smooth as glass, and is a Noiseless Machine! It requires BUT ONE PER CENT. less power to drive it than any other Machine in market. A girl of fifteen can operate it with steady, without any injury to health.

Its strength and wonderful simplicity of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite those who may desire to purchase a Sewing Machine, to call on us, and examine our IMPROVED MACHINE. But in a more special manner we solicit the patronage of

Merchant Tailors, Dress Makers, Coat Makers, Corset Makers, Hoop Skirt Manufacturers, Gaiter Filters, Shirt and Bonnet Makers, Shoe Binders, Vest and Pantalon Makers.

Religious and Charitable Institutions will be liberally dealt with.

PRICE OF MACHINES, COMPLETE. No. 1, Family Machine, with Hemmer complete, \$50 00 No. 2, Small Manufacturing, with Extension Table, 75 00 No. 3, Large, 85 00 No. 4, Large, for Leather, 100 00

CADRETTES IN EVERY VARIETY. We have a large stock of all the latest styles in the United States, Canada, Mexico, Central and South America, and Europe, and are established in every part of the world, and will be glad to receive orders from all parts of the world.
