PHYSICING HORSES .- Many persons physic their horses frequently—especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic, as it is usually given, often produces inflammation of the bowels which gen erally proves fatal; it also weakens the horse and thus renders him more liable to disease. or less able to throw it off what is required is a medicine which will operate gently upon the bowels, and act upon the liver and lungs, removing all obstructions therefrom, puritying the blood and enabling all the organs to
do their work without overtaxing any, which
is accomplished by the use of "Darley's
Arabian Heave Remedy and Condition Medicine" it is always safe and certain:

At a public meeting held in Buffalo, a few days since, Ex-President Fillmore is reported to have said, that he would do nothing to ezcite the ire or provoke the hostility of his Canadian neighbors, they were a worthy people, and were for the most part friendly; an immediate outbreak was not to be anticipated, but he would advise his fellow citizens to heed the lessons which history had taught all nations. "In time of peace prepare for war," hence it would be well to have our Northern frontiers well fortified. Is not this a lesson to us to fortify our Southern frontiers? and while doing so would it not be well to fortify ourselves against the attacks of rheumatism, coughs, colds, colics, bowel complaints, and all other diseases incident to this climate, by supplying ourselves with the "Canadian Pain Destroyer." Can be had of any Medicine Dealer for 25cts. per bottle.

Is health worth having? If it is, protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints, generally, which if not checked immediately, lead to serious consequences. The question arises-which is the quickest and most effectual remedy? Bryan's Pulmonic Walers have been before the public for the ordering of the estate generally, will take twenty years, and have always given perfect | place at my office on satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores gener- At 4 O'Clock P. M., in accordance with "Inally throughout the Province, at 25 cts. per solvent Act of 1864," Sec. 10. 142-10in.

THE FENIAN WAR. - Campo Bello, the island where parturient Fenianism is expected to give birth to the long-heralded "Irish Republic," is a narrow piece of land, stretching north and south, at the entrance to the Bay of Fundy and at the mouth of the river St. Croix. It is only ten miles wide, and is owned entirely by J. J. Robinson, a retired Captain of the British Navy, who lives at the Fresh Garden Seeds!! village of Welchpool, the only settlement of consequence on the island. Welchpool is only three miles from Eastport, Me. and has a fine harbor. The island belongs to New-

RATHER Cool .- We are told that the Confederate Colonel Wheeler, one of the parties in custody at Cornwall, when in this city attended one of the Governor-General's receptions. Had his character and connection with the Fenian movement been then snspected, he would have been made sensible of the fact that " his room was better than Lindsay, 10th APRIL, 1866. his company." Kicking a dog down stairs is nothing to the reception he would have received. To add to his impertinence, it appears he entered his name in His Evcellency's visitor's book, as hailing from Montgomery, Alabama.
