 Magnet, Useful and Cheap—J. Lenihan.
 Sale of Lots at Cambridge—James Roy.
 Notices to Stockholders—H. Fowler.
 Great Reduction in Staple Goods—D. Thomas.
 Card—William Jenkins.

The Canadian Post.
 WEDNESDAY, FRIDAY, JUNE 15th, 1866.
News of the Week.
 Parliament was opened at Ottawa on Friday last by the Governor General. Allusion was made in the speech to the termination of the Reciprocity Treaty, the Fenian raid, and the U.S. President's neutrality proclamation. A warm eulogy was also passed upon our volunteers and the regular forces for the gallant manner in which they disposed of the Fenians. The Habeas Corpus act was at once suspended by a unanimous vote of the members.
 The Robynson and Orilla Rifle Companies organized a few weeks since have been gazetted by Government.
 Two more of the wounded members of the Toronto Queen's Own—Serg. Hugh Mathison and Private Locke—died on Monday last and were buried at Toronto on Wednesday. During the funeral ceremonies, all business was suspended in Lindsay, the County Council adjourned, and the town bell tolled for an hour.
 Sixteen more Fenians were captured at St. Armand, L. C., and sent to Montreal goal. Besides these several of our home traitors have been caught—among them the notorious Patrick Maguire of Toronto, who it appears is Captain of a Fenian Company in that place. The suspension of the Habeas Corpus writ has caused a good many fugitives to leave for a more suitable climate.

Union School.
 A special meeting of the School Board was held on Saturday, June 9th, 1866, at 10 o'clock, a. m. Members present, Dr. Fidler, Messrs. Hudspeth, Lang, Maguire, Roche, Veitch, Waller and Winters. Absent—Dr. Benson, and Messrs. Heap, Smith and Fidler. Minutes of last meeting were read and adopted. Moved by Mr. Hudspeth, and seconded by Mr. Veitch, That fifteen dollars be granted for the purchase of prize-books for the school.—Carried. Moved by Mr. Roche, seconded by Mr. Lang, That the following accounts be paid: George Moore, \$12.55; G. H. Keefe, \$1.00; J. Hughes, \$5.40; Drake & Foley, \$7.35.—Carried. Moved by Mr. Hudspeth, and seconded by Mr. Maguire, That the following sums be paid the Teachers on account, viz: Mr. Whalley, \$20; Miss Hasdie, \$20; Mrs. Grace, \$20.—Carried.

A FRIENDLY WARNING.—Under date of Tuscarora, Pa., June 1st, 1866, Mr. Thomas Howe, formerly of Little Britain, County of Victoria, writes us that a number of Fenians are passing through Tuscarora, for Buffalo, with the intention of invading Canada. Mr. Howe expresses the hope that his countrymen will all turn out in defence of their country and flag; and he also states that himself, along with a number of Canadians, will leave at once to take part in the fray. Good for them! (The above should have appeared in our issue of last week.)—Ed.

Proceedings of County Council.
FIRST DAY.
 Lindsay, 12th June, 1866.
 The Council of the Municipality of Victoria met to-day, at 2.45 p. m., in the Wardens' Chamber.
 Present—Messrs. Ashman, Brown, Buck, Burnett, Cottingham, Clendinning, Farrell, Fell, Fitzgerald, Jackson, Moloney, McQuade, Reid, Staples (R.), Thurston and Whiteside.
 Absent—Jonathan Hodson.
 Minutes of January meeting were read and confirmed.
 The Warden addressed the Council as follows:
 GENTLEMEN,—I have called you together one week earlier than the time fixed by the Standing Rules of this Council, as I thought it would be some advantage to have you present at the audit of accounts. The business of the Session, however, is more particularly confined to the equalization of the Assessment Rolls, and providing for the current expenses of the year.
 Our annual expenditure, which requires to be provided for by a rate on the different Municipalities, has been: For 1863, \$18,118; for 1864, \$22,542; for 1865, \$21,976; and owing to the very large amount required by the Registrar, for work done under the late Act, our rate will be much larger than in 1865. Assuming \$24,500 to be the amount requisite before the taxes of 1866 are collected, we will require a large amount of Bank accommodation, unless private individuals or municipalities allow their money, now in the hands of the Treasurer, to remain, as I understand some of them intend doing. We may, however, deduct from—\$24,500 School Grant, say.....\$3,000 Sinking Fund, say.....2,800 6,800 Leaving to be provided for loans from Bank or otherwise \$17,700. We have on loan: From Mr. Fitzgerald.....\$3,000 Mr. Thurston.....1,400 Lindsay Sinking Fund.....1,400 Mr. Storey.....108 \$5,808 Reducing the amount to \$11,792. Taking into consideration monies at credit of Municipalities, which may be left in the Treasurer's hands, and the sale of lands in December next, I think we will not require from the Bank more than \$4,000 or \$5,000.

Meeting of the Lindsay Volunteer Infantry Co's.
 At a meeting of the members of the Lindsay Volunteer Infantry Company held at the Jewett House on Saturday evening last, the following resolutions were put and carried—
 Moved by Mr. Grace, seconded by Mr. McBurnie, That the proceedings of this Company held on the 7th inst. be reconsidered. Carried.
 Moved by Mr. McBurnie, seconded by Mr. Hetherman, That Mr. Grace be Captain of this Company. Carried.
 Moved by Mr. Holmes, seconded by Mr. Hazelton, That Mr. Moloney be Lieutenant. Carried.
 Moved by Mr. W. J. Smith, seconded by Mr. Holmes, That Mr. Cottingham be Ensign. Moved in amendment, by Mr. Gurnett, seconded by Mr. Lee, That Mr. D. F. McCarthy be Ensign. Carried.
 Moved by Capt. Grace, seconded by Mr. Hetherman, That Mr. W. J. Smith be Colour Sergeant, and Messrs. A. O'Leary and A. McBurnie Sergeants. Carried.
 Moved by Ensign Cottingham, seconded by Sergeant McBurnie, That Messrs. J. C. Holmes, J. Hetherman and Geo. T. B. Gurnett be Corporals. Carried.
 Moved by Sergeant McBurnie, seconded by Corporal Gurnett, That Mr. D. F. McCarthy's explanation regarding the report in circulation concerning him in connection with the Fenian invasion be read to the members of this Company, and they do give free assent to such report, and regret that such report has been circulated to his own injury and the formation of this Company. Carried.
 The following members of the Company then requested their names to be struck off the roll, which request was immediately complied with by Messrs. D. F. McCarthy, C. McCarthy, and T. Keefe.
 After testing the health of the Queen and Captain Grace, the meeting adjourned.

Suicide in Minden.
 On Wednesday the 6th inst., a man named John Hyle committed suicide by shooting himself. It appears that the deceased lived on lot No. 2, in Minden township, and had for some time past been addicted to the use of spirituous liquors, which seemed at times to unettle his mind. On the day in question Hyde took his own gun to a field near his residence, placed the butt upon a log, knelt and discharged with his thumb the contents of one of the barrels in his mouth, when it lodged in his head. He died instantly. The body was soon after found and conveyed to Mr. E. Sisson's barn, and Mr. Buck, Reeve of Anson, was notified of the occurrence. From a document found amongst the papers of the deceased, it was seen that the act of suicide was premeditated. The following scrap was also found among his papers:
 "Here lies an English rover free,
 Lived in cold Minden's No. 2,
 He met King Death with a smiling face
 To show the pluck of English race."
Sudden Death.—Inquest.
 Mr. John Tigh, cooper, residing in Lindsay, died suddenly on Monday morning, 5th of the preceding day, and indeed for years he had complained of severe pain in the heart; but he retired to bed on Sunday evening in his usual health. In the morning he was found dead in bed. An inquest was held by Coroner Beall, when a verdict of "died from natural causes" was returned by the jury.

New Firm.—We take pleasure in informing our readers that Messrs. Geo. Smart and R. McIntyre have formed a co-partnership for the transaction of Commission business in Lindsay. We can confidently recommend the new firm to the confidence of the public. S. & M. are prepared to pay the highest figure for "good-clean washed wool." Their warehouse is at the foot of Lindsay Street, formerly occupied by Mr. Lenihan.
 NEARLY two columns of original matter will be found on our fourth page.

Proceedings of County Council.
FIRST DAY.
 Lindsay, 12th June, 1866.
 The Council of the Municipality of Victoria met to-day, at 2.45 p. m., in the Wardens' Chamber.
 Present—Messrs. Ashman, Brown, Buck, Burnett, Cottingham, Clendinning, Farrell, Fell, Fitzgerald, Jackson, Moloney, McQuade, Reid, Staples (R.), Thurston and Whiteside.
 Absent—Jonathan Hodson.
 Minutes of January meeting were read and confirmed.
 The Warden addressed the Council as follows:
 GENTLEMEN,—I have called you together one week earlier than the time fixed by the Standing Rules of this Council, as I thought it would be some advantage to have you present at the audit of accounts. The business of the Session, however, is more particularly confined to the equalization of the Assessment Rolls, and providing for the current expenses of the year.
 Our annual expenditure, which requires to be provided for by a rate on the different Municipalities, has been: For 1863, \$18,118; for 1864, \$22,542; for 1865, \$21,976; and owing to the very large amount required by the Registrar, for work done under the late Act, our rate will be much larger than in 1865. Assuming \$24,500 to be the amount requisite before the taxes of 1866 are collected, we will require a large amount of Bank accommodation, unless private individuals or municipalities allow their money, now in the hands of the Treasurer, to remain, as I understand some of them intend doing. We may, however, deduct from—\$24,500 School Grant, say.....\$3,000 Sinking Fund, say.....2,800 6,800 Leaving to be provided for loans from Bank or otherwise \$17,700. We have on loan: From Mr. Fitzgerald.....\$3,000 Mr. Thurston.....1,400 Lindsay Sinking Fund.....1,400 Mr. Storey.....108 \$5,808 Reducing the amount to \$11,792. Taking into consideration monies at credit of Municipalities, which may be left in the Treasurer's hands, and the sale of lands in December next, I think we will not require from the Bank more than \$4,000 or \$5,000.

There are some of our County Roads becoming impassable, and I am of opinion, notwithstanding the additions to the current expenses of the year already alluded to, the boundary lines cannot altogether be overlooked. I have a communication from Mr. Boyd, of Boboygan, informing me of the dangerous condition of the Little Bob Bridge, which I will lay before the Road and Bridge Committee; and I think it would be well if the different members of this Council are aware of any of our County Roads being in an impassable or dangerous condition, to make it known to the Road and Bridge Committee. I have been at Minden Village, and concluded the arrangements for the late Wardens for the right of way around certain hills in that vicinity, and we have already paid for said right of way \$115; Mr. Bowram is yet to be paid \$40—and other deviations, no doubt, will be made as the work progresses. In going to Minden, I followed the new, or rather the extension of the Cameron Road, and will take pleasure in giving the Road and Bridge Committee any information I can in reference to it. I am very happy to inform you that the Victoria Road is still in the hands of the Government, and that the Government agent is now engaged in improving it.

Boboygan.
SERIOUS ACCIDENT.—On Monday last, Mr. Mann, of Minden, accompanied by Miss Germain, whilst crossing the bridge in a Wagon, a dog commenced barking at the team, causing them to start off at a furious rate. On rounding the corner opposite Mr. Bottom's "Forest House," the horses became unmanageable and threw Mr. Mann and Miss Germain out on their heads; they were immediately removed to comfortable quarters in Mr. Bottom's; and though unconscious for a considerable time, they are progressing favorably under the skillful care and attention of Dr. Fair. The horses were not recovered till several hours afterwards.
UNION SABBATH SCHOOL.—On Sabbath afternoon, the Scholars of the Union Sabbath School, accompanied by their Teachers and Superintendent, marched to the Wesleyan Methodist Church, where they were addressed in a suitable manner by the Rev. John Paterson, Presbyterian Minister. The friends of Sabbath Schools will be glad to hear that the welfare of the young is so admirably looked after in this section of the county.

Patriotic Conduct.
 The following letter from Messrs. Lyman & Elliot, Toronto, to Mr. E. Gregory of this town will explain itself:
 Toronto, June 9th, 1866.
 Dear Sir,—Yours of the 5th with order for goods reached us yesterday, and it is our regret to receive the news of the fact of our being so short of hands. We have eight with the Volunteers and one helping at Ridgeway to make one of them whom we fear is mortally wounded. Irrespective of the loss of life, we have no reason to view with satisfaction the turbulence of those ruffianly Fenians, for during the drill they have cost us in wages about \$15 a week, as we pay all our hands in the ranks the same as if at work; and now, it is costing us \$12 per day. We are happy to say it is not our Mr. E. J. who has been wounded. If it had been we should have entertained your sentiments in the case. We trust these matters will make us British Americans more self-reliant than we have been.
 Truly Yours,
 LYMAN, ELLIOT & CO.

Removal.
 REMOVED.—We observe that Dr. Norris' Surgery has been removed to the more commodious building next east of the post-office, and a dozen doors west of where it has heretofore been situated.
 WOOD.—The wool season in this section has now fairly set in, although later than usual in previous years. The clip is expected to be large, and the prices good, notwithstanding the loss of the Treaty. Wool buyers, we think, might find a field for some operations in this place.
 TEMPERANCE MEETING.—A very interesting Temperance meeting was held in the Methodist New Connection Church here on Wednesday evening of last week. The meeting was largely attended, and addresses were delivered by the Rev. Messrs. Burns, Holmes and Gundy—Mr. G. Balfour being in the Chair. The speaking was good, and the arguments advanced to impress the necessity of a greater observance of temperate habits were very ably set forth; those more immediately of a local application by the Rev. Mr. Gundy particularly so. Notwithstanding the many difficulties it appears to have to contend with, the temperance movement in Omeenee is steadily gaining ground.
 FOUND DROWNED.—On Sunday morning, 3rd inst., a human body was found floating on the water near the railway bridge over the mill-pond, a little to the west of this village. The body was in a very advanced state of decomposition, and had evidently been lying in the water for some time. The hair had fallen off the head, the eyes and nose were entirely wanting, the cheeks, lips and chin, and a portion of the breast presented a dark brown baked appearance from exposure above water; the head seemed ready to fall off, and his hands had lost the skin. The small emanating from it was sickening. A collar jacket was the first thing to give any clue to its identity, and from all that can be gathered it appears to be the body of one Alex. McKenzie, alias Robertson, a Scotchman, about 5ft. 6in. in height, a moulder by trade, said to have been a soldier for some time in the Southern army, and not known to have any connections in this part of the country. He was addicted to the use of intoxicating liquors, and had been seen imbibing very freely one evening about the middle of April last; and nothing having been seen or heard of him since, he was thought to have left the village for other parts. He is supposed to have proceeded down the track and to have fallen thro' the bridge while attempting to cross it in a state of intoxication. An inquest was held in the afternoon by Dr. Black, coroner, and a verdict returned in accordance with the above facts.
 SCHOOL EXAMINATION.—The semi-annual Examination of the pupils of the Union Grammar and Common school here is announced to take place on Friday the 29th inst., commencing at 9 o'clock a. m.

A Warning to Quacks.
 F. Dellenbaugh, of Buffalo, N. W., who has been in the habit of coming to this town, advertising himself as "The German Physician," and giving himself the appellation of "Doctor," was on Friday, June 1st, brought before R. Lang, Esq., Police Magistrate, in relation to the amount of \$5 and costs, for not having the necessary qualifications to practice medicine, and for using the title in contradiction to the late Medical Act. It is astonishing that the community will submit to be imposed upon by such impostors, representing themselves to be what they are not, and extorting from them what little money they have, giving them in return no compensation whatever, in the way of alleviating their suffering, but, on the contrary, increase their afflictions, and tear down that which has been built up by those who are fully competent and qualified to do so, as must necessarily follow when one who is not possessed of a proper knowledge of disease meddles with medicine. Let other Towns follow the example set them by Lindsay, and the country will soon be cleared of such impostors, the consequence of which will be that suffering humanity will be under grateful, deep and everlasting obligations to those who have taken an active part in dispelling from their beds those who can do nothing but build up false hopes, and make worse that which is already bad.—Com.

Stripe Shirtings,
Steamlooms,
Prints & Gingham.
 A further supply of the
Empress Crail Skirt.
D. THOMAS.
 Keenan's Block,
 Kent Street. 34917

WARNING TO FARMERS AND WOOL-BUYERS.
 We copy the following from an American paper in respect to the action about being taken by the American Government, which it made law, will seriously effect the price of wool in Canada, and as the duties are regulated by a slide scale, buyers will be required to be much more particular than formerly in preparing their wool ready for the market. "The American Market is now very dull. This is caused by manufacturers being at present overstocked with manufactured goods, and is also, doubtless, owing in a great measure to the uncertainty of the future—there being more than one opinion as to the course of the Government. It will require to be much more particular than formerly in preparing their wool ready for the market. "The American Market is now very dull. It will require to be much more particular than formerly in preparing their wool ready for the market. "The American Market is now very dull. This is caused by manufacturers being at present overstocked with manufactured goods, and is also, doubtless, owing in a great measure to the uncertainty of the future—there being more than one opinion as to the course of the Government. It will require to be much more particular than formerly in preparing their wool ready for the market. "The American Market is now very dull.
