SOUTH VICTORIA.

The local Prog organs have been in-Instricusly manufacturing Prog candilegislature, and have already got a dozen in the field. It is carefully stated that the prospect of each and every one depends upon Mr. Dormer's health of a bank, in the interest of an instituavoid giving the alternative so much Poole. Concerning him the Petercongratulatory reflection that to we

their standard bearer, and, if they have not already made the " a reliable politician, and that is of the in effective and intelligent manner." This is a strong recommendation and

While the local Prog papers have torth candidates after their kind, they advantage of stringeney in display anxious dread of their opponent C. Wood or his election for another of the way they could elect anybody compete with our banks to the injury from the worthy Reave of Emily down of the stockholders and to the detrito the Machinest of that ilk. They are making ropes of said. In the first private life. As the Purliamentary resentative he is still, by well eguized right and custom, the Reform candidate, and we are confident | policy of the new Government would we speak the mind of the Reform party of this riding without exception when we state that Mr. Wood's public career be fairly distributed throughout the his supporters : and we are equally emident that all sensible, fair-minded Conservatives- who are not blinded by partizanship are convinced that Mr. Wood is the best representative for this riding. We need not now particularize Mr. Wood's services for this section; suftice it to say that his financial abilities, tengarnized by the most important airmanship in the gift of the Rouse, his long experience in municipal matters : his practical acquaintance with gift of speech that combines eloquence,

JUDGE DEAN.

.While Judge Dean's appointment and have it too we should rejoice much

years he has been intimately identified with the town and county-in their While our neighbours were resolving moral advancement, their social improvement, their material growth and wirepullers were engaged in exactly similar "resolutions" and predictions.

It is unnecessary to employ argument to meet the factionists. It is notework that the factionists is not the color of the supplier of the factionists. It is not the color of the supplier of the factionists.

thy that monopolists on the other side are most vigorous in their opposition to the treaty; while here whatever opposition the treaty; while here whatever opposition there is beyond factious Tory papers and wire pullers proceeds from those disinterested creatures who want those disinterested creatures who want the manuary of their monopoly after the manner of their advancement when such advancement and call them "swindlers;" but we American brothron. Theirs is a pock-deprives us of his citizenship, we will can now afford to be more charitable. they would assess the public in the however, is certain: By education, by rame of loyalty and "down with the experience, by intellectual endowments, Yankees," We fancy, however, that the people of Canada will not be deluded by best of evidence of this is the almost cent cheaper" than the local retail the hypocritical appeals of protectionists and Tories, or alarmed by their
extravagant predictions of ruin; but
will give this important question dispasnemate consideration, and we are conindent they will approve the treaty.

that we lose him as a neighbour and a citizen. The Belleville Intelligencer was given our readers which did not says: "We congratulate Mr. Dean upon suit this firm, and with matchless imhis elevation to the Bench. If party pudence and affrontery they wrote as fol-tidely be a party virtue, Mr. Dean has well carned the distinction conferred Maximum, Sept. 12th, 1374.

ble and convincing that we give it "the same time. we must add, entire: "Anything more grossly out." they ought to have known better. retire into private life." Then if Progrageous than this imputation upon our "people could not have had such an "people could n of time. It hardly expected to get ble and convincing that we give it through the next session, and though bechas sufficient life to resist the steadily increasing power of the Laberal party.

Popular dissatisfaction with the late political, but for their commercial only published the advertisement, but supplemented an editorial purify the positions, and from the amount of supplemented an editorial purf of the arongest character, supporting the absurd pretensions of the house. For institutions over which they preside, in this foolishness they cannot escape the confidence of the public. It is equally well known that all banks as such are not in the habit of interfering in political affairs. As commercial style of business from the local advertises they cannot escape this neighborhood that measure of responsibility would be small, indeed, for very few people have heard of the new style of business from the local advertise. institutions, they have to rely upon the tisement; but quite a number were general public for support, without misled by the several active resident reference to polities, and to act the part of young ladies. A number of newsof instruments of partizanship, would be sucidal policy. Circumstances may.

compelled to govern their political conduet in such a way as will advantage characteristic of Prog papers, Among themselves. A case in point is the situation of the Ontario banks at the time of the recent political contest. The President of the Ontario Bank is grossly abused and insulted by the Mail be- farm labourers in the Old Country is cause he wrote to those of his friends the inspection of the land by several who, like himself, were interested in authorized and accredited agents of the Victoria, exceedingly fortunate the presperity of the bank, pointing ly to be benefitted by sustaining the associations that have been established present Government. Had such perfor the purpose of ameliorating the consussion been brought to bear to intimidiscovery, we can assure them, that date persons indebted to the banks, it they will find Dr. tools not only would have been a very different thing. but we have reason to know that in first importance new-a-days, but influence was exerted. During the da; and their reports upon arrival "thoroughly conversant with political contest in that and in adjoining countries, and able to discuss them in ties, the position of the banks in respect to the policy of the Government was with intending emigrants-much more fully and openly discussed in public, weight than the addresses and state-This is a strong recommendation and should receive the careful consideration cial policy of the Tory Government, the Government deposits had been confined to one or two monetary institutions in the Province of Quebec. On several money had endeavered to cripple and country that has been so steadily

times they were enabled unfairly to ment of the public interests. General these matitutions the public money had been taken to New York to enable an inscriptions manager to engage in gold gambling," and that the other, bolding large sums was an irresponsible concern. It was understood that the policy of the new Government would reverse all that—that they would recognize the public interests by so placing the Government deposits as to be fairly distributed throughout the country. This was not a matter mere ly for the consideration of the stock-holders of any bank, but one of public importance. It will be understood that the banks move the grain of the Province, and are so intimately connected with all kinds of business, that the indections of the money market operate sympathetically upon all those interests.

A period of financial depression not winds, and sales in Canada. Mr. Henry Taylor, is also in Canada. Mr. Ball, who was a farm labourer in the consensual that they would reverse all that—that they would recountry, and is an intelligent practice have simultaneously gone off at the Warder and the Fenelon Gather with the was intelligent practice have simultaneously gone off and the with Mr. Motley in the was more the was intelligent practice, and intelligent practice have simultaneously gone off and the with Mr. Motley in the was more the policy of the new Government would decountry, and is an intelligent practice have simultaneously gone off and the Warder and the Fenelon Gather with the was intelligent practice have simultaneously gone off and the with distributed for this somewhat novel suit.

—The Warder and the Fenelon Gather with the maching pone off the monon, and now literary editor of the monon in the old country, and is an intelligent practice have simultaneously gone off at the wind industry. He was, it is almost needless to kination of the stock to Carlina, with Mr. Motley in the bed country, and is an intelligent practice have simultaneously gone off at the Warder and the Fenelon Gather with Mr. Motley in the bed country, and is an intelligent practice have simultaneously gone off at the Warder and the Fenelon Gather for the Warder and the Fenelon Gather for the Warder and the Fenelon Gather for the Warder and t source of pride and satisfaction to country. This was not a matter meresympathetically upon all those interests.

A period of financial depression not only affects a bank, but it reduces the deed of the whole country slong the through the bank, and when at such a ject of his visit was to gather informatime a wealthy institution, secure in possession of large sums of public money in manipulates matters to still further increase the embarrasment and loss of rival banks, it inflicts a direct injury upon the general interests of the naceula.

COUNTY CLERGYMAN.

in Belleville and Hastings there is much has been formed in Toronto by a goodly regret at the necessary departure of an number of the parishioners of Holy active and esteemed fellow-citizen, as Trinity, (the ritualistic church of the will be seen from the comments of the city) who had become dissatisfied with Belleville Ontario, which we have much its "high church" proclivities. The pleasure in transferring to our columns: special interest of this section in the "If it were possible to eat a cherry movement is the appointment of the Rev. W. Henry Jones, of Omemee, to was called at the request of many of his new parishioners, the members of the parish in which he has for several years laboured with distinguished success contemplate the change with regretful feelings, as will be seen from our Omemee correspondence. Mr. Jones' activity, energy and eloquence will no doubt ensure him success in Toronto not less gratifying than that which has rewarded his labours in Omemee and the township.

and call them "swindlers;" but we gladly adopt the view. One thing, Certain comments in THE Post on their is but one regret that expressed above ed telegram; but some good advice that we lose him as a neighbour and

ARCHIE SMITH.

> —We should have stated that Mr. G.
>
> W. Millar, the popular township Clerk
> of Eldon, also had a docket prepared
> for the revision of the voter's list—an
> attention that was duly over's list—an attention that was duly appreciated by the judge. The new law in regard to voters' lists has greatly increased the labours of the clerks, a matter that should receive the consideration of the Councils. We may add some sensible remark upon this subject, from the Huron Expositor:—"The actual labour which the Clerk has to perform is sufficient if the extends to it properly to occar.

which the Clerk has to perform is sufficient, if the attends to it properly, to occupy a considerable portion of his time. In addition to the actual labour, he has to study up and keep himself thoroughly posted on municipal law, and is lable to heavy penalties if, in the performance of certain of his duties, he makes a mistake or omission. For all formance of certain of his duties, he makes a mistake or omission. For all this labour, study and responsibility, very few municipal clerks receive more than \$160 per annum. The thing is absolutely absurd, and is not only unjust to the official, but is derogatory to the credit and generosity of the people. Municipal Councils should pay their officers liberally, and, although they officers liberally, and, although they which some now claim to themselves for economy, the service would be much a better performed, the municipalities would be benefitted, and the people
